forgiving When I m out there with a gun there is no one to criticise me but me The only expectations are mine Throughout this book I will frequently use an archaic and endearing term Mother Nature For I can think of no other term to describe the Tao the intangible spirit that wraps itself around both man and beast in the wild Mother Nature influences birth and death season and weather dominance and subservience all in equal measure What she gives she also takes away in fair balance She I use the feminine deliberately for only a female could be so devastatingly beautiful and bountiful yet at times so viciously cruel This book isn t just for the air rifle hunter It is for anyone who roams the countryside attending to vermin in the interest of crop protection and conservation It is for the boy with the catapult for that s where I started and for the mature adult stepping onto the hunting trail late in life It doesn t matter what tool you carry the fieldcraft needed is the same But if I convince you by the time you reach the end of this book that the air rifle is a wonderful tool and capable of many tasks then it s been well worth writing Come take a walk with me around the woods and fields of Britain I will show you what where and how to hunt with that most versatile of tools the air rifle
