Modelling and Intelligent Optimisation of Production Scheduling in VCIM Systems Son Duy Dao, 2017-12-27 This thesis reports on an innovative production scheduling model for virtual computer integrated manufacturing VCIM systems It also describes a robust genetic algorithm for production scheduling in VCIM systems The model which is the most comprehensive of its kind

to date is not only capable of supporting collaborative shipment scheduling and handling multiple product orders simultaneously but also helps cope with multiple objective functions under uncertainties. In turn, the genetic algorithm characterised by an innovative algorithm structure, chromosome encoding, crossover and mutation, is capable of searching for optimal/suboptimal solutions to the complex optimisation problem in the VCIM production scheduling model described. Lastly, the effectiveness of the proposed approach is verified in a comprehensive case study.

Jack Ma's Life Lessons and Rules for Success J.D. Rockefeller, Financial success is the success in an aspect of life and not necessarily success in life. Equating financial success with an entire success is similar to equating a part to the whole. Success has to do with balancing every aspect of life. Jack Ma is one of the most successful entrepreneurs in the world and learning his top rules for success can greatly help you pursue your dreams and attain true success.
