Flirting with Danger Lynn Phillips, 2000-11 How young women make sense of resist and negotiate conflicting messages on female sexuality and sexual agency In *Flirting with Danger* Lynn M Phillips explores how young women make sense of resist and negotiate conflicting cultural messages about sexual agency responsibility aggression and desire How do women develop their ideas about sex love and domination Why do they express feminist views condemning male violence in the abstract but often adamantly refuse to name their own violent and exploitive encounters as abuse rape or victimization Based on in depth individual and collective interviews with a racially and culturally diverse sample of college aged women *Flirting with Danger* sheds valuable light on the cultural lenses through which young women interpret their sexual encounters and their experiences of male aggression in heterosexual relationships Phillips makes an important contribution to the fields of female and adolescent sexuality feminist theory and feminist method The volume will also be of particular use to advocates seeking to design prevention and intervention programs which speak to the complex needs of women grappling with questions of sexuality and violence

Implausible Beliefs Allan Mazur, 2017-07-05 Why do people accept ideas that are contradicted by science or logic In *Implausible Beliefs* Allan Mazur offers a comparative look at the nature of irrational belief systems their social roots and their cultural and political impact He begins by providing standards for judging beliefs implausible and assessing the impact of such belief systems on politics and social policy in the US Mazur describes and defends commonsense criteria for establishing that certain views should not be sustained in the face of present day understanding He presents a statistical portrait of implausible beliefs rampant in the US and who tends to accept them Mazur applies criteria for implausibility to the Bible astrology and visitation to Earth of intelligent beings from other worlds Pointing out that everyone knows the Bible but few actually read it the author scrolls through the first five books of the text noting points that undermine the scripture's natural history and moral guidance Working on the assumption that implausible religious views are fundamentally no different from implausible secular views he critiques secular beliefs in astrology and UFOs Mazur concludes the volume with an attempt to explain why most people accept implausibility some more than others despite evidence and logic that refute them Looking to mainstream sociology and psychology Mazur shows how children are socialized into such beliefs and how adults are influenced by spouses and friends Personality is also a factor sometimes abetted by stressful or lonely life situations Lucidly written this is a provocative and informative contribution to social psychology sociology religion political science and American studies

The Devil's Feather Arman Ratip, 2023-09-15

The story in Ratip s debut novel revolves around the struggle of Turan Akova who is a world renowned pianist composer to prevent and eventually eliminate the extraterrestrial devil s plans to dominate the world in a shocking and most audacious way This is a heart pounding suspense thriller with gruelling intensity A monumentally scary and chillingly tense story Italian poet Tasso s words best describe Turan Akova the hero of this novel Is it possible to transform a raging devastating destroying hurricane into a morning breeze a mad sea into a charming lake and lightning into a rose I am speaking of the Turk The Turk who is like a ruthless hurricane a terrific sea and a merciless lightning when attacking his enemy is a morning breeze and a clear lake with his friends or when facing a disarmed enemy To change this charming breeze into a hurricane this resplendent blue lake into a horrid sea this rose with its fragrance of nobility to lightning would be indeed a blunder that would offend Nature itself
