Play Your Bigger Game Rick Tamlyn,2013-10-01 More than just a book Play Your Bigger Game is a concept that will take you only nine minutes to understand but a lifetime to play It was designed from the premise that life itself is one big game And if it is then why not play one that excites fulfills and challenges you to develop and express your talents completely By the way there s nothing wrong with wanting that It s a natural expression of who we are and since each of us is blessed with talents we re naturally hungry to develop and put them to use Too often we suppress that desire for full engagement and self expression because we think it s the grown up thing to do We consciously turn down our hunger dials because we re afraid of expecting too much from life We also think If I settle for less I won t be disappointed Play Your Bigger Game was created to counteract that self limiting fear based approach to life It s also designed to keep you forever in play meaning that you ll never be stuck again since you ll always have the game board to guide your next move Michelangelo said The great danger for most of us lies not in setting our aim too high and falling short but in setting our aim too low and hitting the mark This book is not just about making a living it s about making an impact Curiously enough I find that once

players begin to make a positive impact their incomes often rise too Still if you re interested in simply making a living and just surviving in life I m afraid that this book is not for you If you want to make an impact in the world and thrive in your life while earning a very good living please read on The purpose of this book is to Reveal the Bigger Game player you already are help you find the Bigger Games that excite and challenge you to fully deploy all of your energy and gifts teach you to consciously design the person you re destined to become allow you to feed the hunger in your soul help you to make a major impact and allow you to leave a lasting legacy
