All Good Women A Novel:

All Good Women Valerie Miner, 2014-08-19 As World War II rages abroad a group of women forge the bonds of sisterhood in America In 1938 while tensions in Europe are reaching a boiling point four young women with big ambitions enter secretarial school in San Francisco Motivated to attain the financial stability that eluded their parents they go to battle for their futures Moira of Scottish descent dreams of being an actress Ann yearns for the education her Jewish immigrant parents provided for her brother but not for her Japanese American Wanda experiences firsthand the racial injustices running rampant in the United States And Teddy who left the Dust Bowl for sunny California comes to startling realizations about herself as the war progresses These women will be both buoyed and challenged by their dreams experiencing love loss and everything in between Against the backdrop of a nation gripped by fear and paranoia Miner eloquently captures the spirit of wartime on the home front

All Good Women Valerie Miner, 1987 Four young women in business school decide to share a house and their lives Together they face the problems of the depression World War II the deportation of one of their group to a detention camp love marriage and all the rest

Problem Novels Anna Maria Jones, 2007 In *Problem Novels* Anna Maria Jones argues that far from participating invisibly in disciplinary regimes many Victorian novels articulate sophisticated theories about the role of the novel in the formation of the self In fact it is rare to find a Victorian novel in which questions about the danger or utility of novel reading are not embedded within the narrative In other words one of the stories that the Victorian novel tells over and over again is the story of what novels do to readers This story occurs in moments that call attention to the reader's engagement with the text In chapters on Wilkie Collins Anthony Trollope and George Meredith Jones examines problem novels that is novels that both narrate and invite problematic reading as part of their theorizing of cultural production *Problem Novels* demonstrates that these works posit a culturally embedded sensationally susceptible reader and at the same time present a methodology for critical engagement with cultural texts Thus the novels theorize paradoxically a reader who is both unconsciously interpellated and critically empowered And Jones argues it is this paradoxical construction of the unconscious critical subject that re-emerges in the theoretical paradigms of Victorian cultural studies scholarship Indeed as *Problem Novels* shows Victorianists' attachments to critical detective work closely resemble the sensational attachments that we assume shaped Victorian novel readers
