support young children's personal and social development and to encourage their communication. In this book you will find tried and tested drama games and activities that support communication and well-being, all adaptable to complement your current practice. Guidance and advice on how to promote positive adult-child interactions. Examples of creative interventions that support children's communication development. A celebration of the joy that comes with carefully listening to children's own imagined stories. Those of us who work with children can sense a tangible connection between how young children feel and how they communicate. This essential and practical resource will be valuable reading for primary teachers, teaching assistants, speech and language therapists, and drama practitioners, as well as outreach and education departments of theatre companies and other arts organisations.

50 Popular Topics David Brown, 1995. This resources directory is intended for the use of teachers resourcing the 50 most popular topics in the National Curriculum. It is intended to help teachers save time in preparing topic-based work.

Maths Mastery Reasoning: Photocopiable Resources KS1 John Bee, 2020-07-23. Maths Mastery Reasoning Teacher Resources KS1 contains a wealth of practical ideas and photocopiable resources to promote reasoning using precise mathematical vocabulary and stem sentences. It will enable teachers to explicitly teach children how to reason so they can answer questions such as: Which skills do I need to complete the task? How can I explain my thinking? What vocabulary do I need to use? Covering all areas of the primary maths curriculum, including place value, fractions, and the four operations, each photocopiable activity enables pupils to practise key skills and make links to the maths they are using. Many of the activities can be completed using a concrete, pictorial, and abstract CPA approach to teaching maths. Written by experienced teacher John Bee, this must-have resource is ideal for teachers just starting on the maths mastery journey or for more experienced teachers who need some fresh input and ideas. This unique book will engage pupils in lively debate when they hypothesise, agree, criticise, and prove their learning around key mathematical concepts. A companion book for Key Stage 2 is also available. Please note that the PDF eBook version of this book cannot be printed or saved in any other format. It is intended for use on interactive whiteboards and projectors only.

 Select Committee on Science and Technology, 2009 This report HCP 44 session 2009 10 ISBN 9780215542663 from the
 Science and Technology Committee looks at literacy programmes evidence check and concludes that expectations by the
 Department for Children Schools and Families of the quality of the evidence base for reading programmes are worryingly low
 It urges the Government to commission randomised controlled trials RCTs The Committee also states it is particularly
 concerned about the quality of evidence demonstrating cost effectiveness of different programmes and further recommends
 that the Government reviews its guidelines on RCT design it says even Wikipedia is more thorough and informative The
 Committee also concludes that the Government's focus on early literacy interventions and phonics based teaching is based on
 the best available evidence the use of Reading Recovery is based on a lower quality of evidence than the Committee is
 comfortable with and that the decision to introduce Reading Recovery nationally is not evidence based The Committee
 further expressed alarm that there was a complete lack of randomised controlled trials using standardised test scores for the
 Reading Recovery programme in the UK school system before national implementation of the programme **Creative**
