No Greater Tyranny Blaine Pardoe,2023-08-08 The Second American Civil War Rages On The progressives that overthrew the government are desperate to hold onto power Battles rage from New Hampshire to Texas to North Carolina and Tennessee The American freedom fighters must contend with a revolt in Texas Chinese interference the tyrannical National Security Force and ruthless politicians bent on making sure America isn t restored One patriot leads a daring raid behind enemy lines and one family extracts vengeance for a lost member of their clan A determined general is thrown into a battle that could crush the hopes that America can be saved The odds have never been longer the patriotism never higher Torn from today s headlines Blaine Pardoe s fourth installment in the Blue Dawn series is a cautionary tale of what could happen if the radical progressives got everything they ever wanted

Patrons of Terror Blaine L. Pardoe,2024-03-20 In Patrons of Terror the fifth installment of Blaine Lee Pardoe s explosive Blue Dawn series the civil war ravaging America intensifies as the battle lines between Newmerica and the American resistance grow more defined and more brutal Following the overthrow of the legitimate government the Ruling Council and their National Security Force have transformed America into the totalitarian state of Newmerica With Social Quarantine camps operating as modern day gulags dissenters face imprisonment or worse While the Truth Reconciliation Committee controls the media narrative a determined resistance fights back When General Trip Reager launches Operation Diamondback to liberate the Southwest the fragile balance of power shifts dramatically In New Hampshire the resistance known as The Defiance prepares for a final stand against overwhelming Newmerican forces Meanwhile Raul Lopez and his team mount a daring rescue of prisoners from a death camp in New Mexico exposing the horrifying truth of the regime s environmental recycling program

As operatives infiltrate the highest levels of both governments no one is safe including Chief of Staff Jack Desmond whose assassination attempt threatens to destabilize the entire resistance With former enemies becoming allies and trusted friends becoming traitors the fight for America's soul has never been more desperate Raw unflinching and unapologetically political Patrons of Terror delivers a high stakes thriller that resonates with alarming parallels to contemporary political divisions If you enjoyed Agenda 21 American War and The Mandibles you'll love Patrons of Terror *More than Don't Let 'em Win* DC Vesser,2020-01-21 This book attacks a poison that for so very long we have called political correctness Political correctness PC is the act of avoiding expression or language that can perceptively be construed as marginalizing by specific minorities or demographic groups It is often difficult to argue against PC because supporters of PC are likely to claim that contrary to using PC one would instead use expressions or language that offends which is oft what I wind up doing This response is a false conflation of permitting and condoning but the fallaciousness usually doesn't deter those who want to win the argument It's easy to accuse someone of simply seeking justification to use epithets in order to put him on the defensive and into the unenviable position of having to assert that he's not a racist It's also dirty and hateful to do so and that's how such responses should be considered We also review Agenda 21 Document 7277 the Illuminati the Club of Rome and the Committee of 300 in brevity We discuss the New World Order and speculate about megaregions and their locations both in the United States and abroad We take a very long train ride from the most southern tip of South America all the way to New Zealand and we discuss possibilities for a likely location for the capital of the world that may surprise you We even speculate about a location right here in the United States for a habitat for useless eaters We discuss how close we have come in our society to achieve all the goals of the New World Order I really hope you enjoy the read **Maze Runner series (5 books)** James Dashner,2018-07-05 All five books in the pulse pounding Maze Runner series The maze is just the beginning **The Maze Runner** James Dashner,2012-07-05 When the doors of the lift crank open the only thing Thomas remembers is his first name But he's not alone He's surrounded by boys who welcome him to the Glade a walled encampment at the centre of a bizarre and terrible stone maze **English Dialect Society**,1886 **Building** Greg Turner,2002-10 The eight stories in this collection and the two short fictions that frame them are about people who operate on the fringe of society whether by choice or circumstance At times tender and other times unforgiving these stories propel characters into settings and situations utterly remarkable yet completely mundane In these stories we find the concrete urban settings we are familiar with nightclubs convenience stores junkyards and fast food chains turned upside down and stretched into characters dreams and visions the imagined rooms of pen pals a bar of dancing vampires a neighborhood house come mad scientist lab In a voice fresh imaginative and controlled Turner gives us glimpses into lives we may overlook every day and makes us recognize that nothing and no one should be taken for granted
