examination involves both mainstream communicative approaches and more traditional methods widely used to teach EFL throughout the world The book is intended to act both as a textbook for students who are studying second language teaching and as an exploration of issues for the interested teacher who would like to further extend their understanding of the cognitive processes underlying their teaching Mick Randall is currently Senior Lecturer in TESOL and Head of the Institute of Education at the British University in Dubai He has taught courses in second language learning and teaching applied linguistics and psychology in a number of different contexts He has a special interest in the cognitive processing of language and in the psycholinguistics of word recognition spelling and reading
