

an appropriate status and respect. A man with diploma looks more confident and, of course, qualified.

The accreditation provides much more opportunities in the life. Therefore, I am planning to study hard and to get as more as possible knowledge. I am sure that the university I chose can help achieve my goals. My education will give me the base for my future business.

Work Plan

It is the most important part of the life plan which should clarify the goal and approaches of its achievement. Nowadays, the leaders of all companies know the value of settings achievable and understandable goals. Such issues are called the smart goals which need in order to get better results. These smart ideas help me share my vision of the business with the possible assistants ("Life Planning").

My attention is turned into the use of certain tools that may help my project. For instance, I need to identify and list all the barriers that may stay between me and my goal. I shouldn't be scared of the possible problems because it is an integral part of the future success. Being realistic, I realize all the difficulties I should overcome.

At the beginning, I have to clarify who will be involved in my business. This can be family company or I can cooperate with a wide circle of partners. What results I want to achieve? I want to own a successful company that will be famous around all the country.

Choosing the place of location, I prefer my native city because I it will be easier to find the clients and partners. Thinking about these questions, I can clear understand all important keys of my goal's achievement. I will get so many opportunities, so I shouldn't be lazy in its use (Ashton 8). This is why I think it is the most important period of my life.

Lifestyle Plan

My lifestyle should accomplish my educational and professional background and skills. I am planning to do a huge social work and to promote equality among people. I want to help everyone that I can. But I have to more from the closest one.

My business will be closely related to people from different communities. Therefore, matching my wants, I should be ready to keep my mind open for the different cultural issues and views. I am planning to visit many countries in order to learn cultural features. This will help in my work with clients.

Govinda Rau,1962 The Kelly Capital Growth Investment Criterion Leonard C. MacLean,Edward O. Thorp,W. T. Ziemba,2011 This volume provides the definitive treatment of fortune's formula or the Kelly capital growth criterion as it is often called The strategy is to maximize long run wealth of the investor by maximizing the period by period expected utility of wealth with a logarithmic utility function Mathematical theorems show that only the log utility function maximizes asymptotic long run wealth and minimizes the expected time to arbitrary large goals In general the strategy is risky in the short term but as the number of bets increase the Kelly bettor's wealth tends to be much larger than those with essentially different strategies So most of the time the Kelly bettor will have much more wealth than these other bettors but the Kelly strategy can lead to considerable losses a small percent of the time

There are ways to reduce this risk at the cost of lower expected final wealth using fractional Kelly strategies that blend the Kelly suggested wager with cash The various classic reprinted papers and the new ones written specifically for this volume cover various aspects of the theory and practice of dynamic investing Good and bad properties are discussed as are fixed mix and volatility induced growth strategies The relationships with utility theory and the use of these ideas by great investors are featured **Sociology of Planning in India** Subash Chandra Gupta,1989 *Annual Report on Mauritius* Great Britain.
