

4. Two objects are dropped from rest from the same height. Object A falls through a distance, d_A during a time t , and object B falls through a distance d_B during a time $2t$. If air resistance is negligible, what is the relationship between d_A and d_B ? $N_L = 0$

☒ A) $d_A = \frac{1}{4} d_B$

C) $d_A = 4d_B$

B) $d_A = \frac{1}{2} d_B$

D) $d_A = 2d_B$

$\Delta y = N_L t + \frac{1}{2} a t^2$

$N_L = 0$

$\Delta y = \frac{1}{2} a t^2$

if the time is doubled ($2t$) then the Δy will be 4x as much since t is squared in the equation

5. If the sum of the forces acting on a moving object is zero, the object will:

A) slow down and stop.

B) change directions.

☒ C) continue moving with constant velocity.

D) continue moving with uniform acceleration.

$\Sigma F = ma$

$0 = ma \therefore a = 0$

6. The figure shows the velocity versus time curve for a car traveling along a straight line. Which of the following statements is false?

☒ A) No net force acts on the car during interval B.

☒ B) Net forces act on the car during intervals A and C.

☒ C) Opposing forces may be acting on the car during interval C.

☒ D) The magnitude of the net force acting during interval A is less than that during C.

A) Flat means acceleration = 0, so net Force = 0

B) Slope = acceleration. Positive & Negative slope indicates the net Force is non-zero

C) Negative slope indicates negative acceleration. So car would be slowing down.

FALSE D) FALSE - since slope of A is greater than slope of C

About the Test

The Advanced Placement Examination in English Language Composition is geared toward the student who has studied the mechanics of writing and rhetoric at an advanced level and wishes to pursue college credit Take care not to confuse the AP Examination in English Language Composition with the AP Examination in Literature Composition The Literature exam focuses on literature and literary criticism while the Language exam deals with writing as a craft This book is designed to help you prepare for the AP Examination in English Language Composition only The AP English Language Composition Exam is divided into two sections Section 1 Multiple Choice 60 minutes accounts for 45% of total score Five or six reading passages with an average of 10 questions each Section 2 Free Response up to 120 minutes accounts for 55% of total score Three essay questions The first section consists of five or six reading passages and sixty multiple choice questions which you will have one hour to complete Each passage will be followed by an average of ten questions and thereafter the passage will not be referred to again Do not feel pressured to remember each reading just digest them one at a time and move on After reading the passage you will have approximately one minute to answer each question The second section of the AP English Language Composition Exam consists of three essay questions and is divided such that you will have forty minutes to write each essay Do not expect to be able to go back to an essay after the allotted time has elapsed Note that each essay has very specific instructions and most have a passage which you will read critically to answer the essay question Your essays will be scored according to the essay structure the clarity of your writing and the extent to which you have answered the question

Scoring the Exam

The multiple choice section of the exam is scored by crediting each correct answer with one point and deducting one fourth of a point for each incorrect answer Unanswered questions receive neither a credit nor a deduction The free response essays are graded by more than 5 000 instructors and professors who gather together each June for a week of non stop AP essay grading Each essay booklet is read and scored by four graders Each grader provides a score for the individual essays This score is a number on a scale from 0 to 9 0 being the lowest and 9 the highest The graders are not aware of each other's scores When the essays have been graded four times the scores are averaged one score for each of the three essays so that the free response section is composed of three scores The three essays are weighted equally and the total weight of

the free response section is fifty five percent of the total score The multiple choice section accounts for forty five percent of the total score Each year the overall grades may fluctuate because the grading scale depends upon the performance of students in past AP administrations The following method of scoring along with the corresponding chart will give you an approximation of your score It will not indicate the exact score you would get on the actual AP English Language
