Family Scott Stephan,2010-01-25 In the years leading up to the Civil War southern evangelical denominations moved from

the fringes to the mainstream of the American South Scott Stephan argues that female Baptists Methodists and Presbyterians

played a crucial role in this transformation While other scholars have pursued studies of southern evangelicalism in the

context of churches meetinghouses and revivals Stephan looks at the domestic rituals over which southern women had

increasing authority from consecrating newborns to God s care to ushering dying kin through life s final stages Laymen and

clergymen alike celebrated the contributions of these pious women to the experience and expansion of evangelicalism across

the South This acknowledged domestic authority allowed some women to take on more public roles in the conversion and

education of southern youth within churches and academies although always in the name of family and always cloaked in the

language of Christian self abnegation At the same time however women s work in the name of domestic devotion often put

them at odds with slaves children or husbands in their households who failed to meet their religious expectations and thereby

jeopardized evangelical hopes of heavenly reunification of the family Stephan uses the journals and correspondence of

evangelical women from across the South to understand the interconnectedness of women s personal family and public piety

Rather than seeing evangelical women as entirely oppressed or resigned to the limits of their position in a patriarchal slave

society Stephan seeks to capture a sense of what agency was available to women through their moral authority
