the reader has a responsibility to respond. The author takes the stance in the introduction, where the authors are presented and take on the topic. Furthermore, the authors state their rights, and the "response" is given in the conclusion where they are back to the reader to give an informed response. The introduction of the subject shows that the I & O team is interested that in their way. The reader will be presented by a group of authors, which will then present their own views on the topic presented and discuss the findings.

Indicate the appropriate response concerning each of the items in the table.
