

Popcorn Volleyball

*My daughter had tryouts for volleyball
it was a Junior Olympic team
A high level, nerve racking game
but it's great for her self-esteem*

*She practiced many hours
until the time arrived
to go to this big tournament
and show what she had inside*

*We arrived at the tournament center
We didn't know what to expect
The place was the size of a blimp hanger
which lent to a special effect*

*As you looked out over the expanse
It was amazing what you saw
all these volleyballs dancing in air
A popcorn machine at the mall*

when his poetry began gathering considerable international attention *Conversations with Billy Collins* chronicles the poet's career beginning with his 1998 interview with Terry Gross on *Fresh Air* which exponentially expanded his readership three years prior to his being named United States Poet Laureate Other interviewers range from George Plimpton founder of the *Paris Review* to Pulitzer Prize winning poet Henry Taylor to a Presbyterian pastor a physics professor and a class of AP English Literature students Over the course of the twenty one interviews included in the volume Collins discusses such topics as discovering his persona that consistently affable voice that narrates his often wildly imaginative poems why poetry is so loved by children but often met with anxiety by high school students and his experience composing a poem to be recited during a joint session of Congress on the first anniversary of 9/11 a tragedy that occurred during his tenure as poet laureate He also explores his love of jazz his distaste for gratuitously difficult poetry and autobiographical poems and his beguiling invention of a mock poetic form the *paradelle* Irreverent incisive and deeply life affirming like his twelve volumes of poetry these interviews gathered for the first time in one volume will edify and entertain readers in the way his sold out readings have done for the past quarter century

Breakthroughs National Writing Project (U.S.),2002 *Breakthroughs* makes a unique contribution to the discussion of
teaching writing The text takes a step back from general concepts and practical lessons to ask Where do good teaching ideas
come from In twenty five essays National Writing Project teachers take readers on the journey that led them to ask and
answer such questions as How can students find the stories that advance their ideas in essays and How can students be
prodded to continue to work beyond a first draft Some of these ideas were inspired by talking with colleagues Others sprang
from desperation But in all cases the writers detail the practical application of their breakthroughs describing not only their
successes but also their glitches While *Breakthroughs* reminds readers of where teaching ideas come from it also provides
nuts and bolts advice in areas of common concern How do we generate student writing What strategies can we use to help
students with problems of form and style How can students find a real audience Can we find fresh ways to respond to and
evaluate student work How can we promote writing in all subject areas Readers of *Breakthroughs* will be rewarded with
many ideas they can bring into their classroom but also like the authors represented in this collection they will be inspired to
create fresh classroom solutions
