Characteristics of Civilizations- Document-Based Questions

Directions: Read the context and document in order to answer the questions that follow.

Document 1:

Context: Egyptian civilization began close to the Nile River because the Nile provided a fertile area in the middle of a desert. The people depended on the Nile for food and water. Heavy rains caused the Nile to overflow regularly, which made the soil fertile and good for farming.

Document: The ancient Egyptians sang this song about the benefits of the Nile:

"When the Nile rises,
earth rejoices and all men
are glad. . . . That gives us
drink to the desert places
which are far from water."

- 1) According to the context and song, what were two effects of the Nile's rising waters?

- 2) Using the Nile as an example, why is access to fresh water one of the most important characteristics of a civilization?
