The other 80 percent of the factors are related to EQ, emotional intelligence. Emotional intelligence impacts every area of life: health, learning, behavior, and relationships. Teaching children and youth to understand, manage, and productively express their emotional intelligence pays big dividends in all areas of their lives and yours. The result is a complete emotional literacy program. Each book contains a comprehensive overview of emotional intelligence theory, what it is, why it has become such a hot topic in education, and its scientific basis in brain research, plus concrete suggestions for schooling the emotions. Each unit includes a thematic overview, stimulating age-appropriate activities, and lively discussion topics. *Emotional Intelligence Explained: A Simple Guide to Big Ideas*
