

# TEN STEPS TO MINDFULNESS MEDITATION

## **Create time & space.**

Choose a regular time each day for mindfulness meditation practice, ideally a quiet place free from distraction.

## **Set a timer.**

Start with just 5 minutes and ease your way up to 15-40 minutes.

## **Find a comfortable sitting position.**

Sit cross-legged on the floor, on the grass, or in a chair your feet flat on the ground.

## **Check your posture.**

Sit up straight, hands in a comfortable position. Keep neck long, chin tilted slightly downward, tongue resting on roof of mouth. Relax shoulders. Close eyes or gaze downward 5-10 feet in front of you.

## **Take deep breaths.**

Deep breathing helps settle the body and establish your presence in the space.

## **Direct attention to your breath.**

Focus on a part of the body where the breath feels prominent: nostrils; back of throat; or diaphragm. Try not to switch focus.

## **Maintain attention to your breath.**

As you inhale and exhale, focus on the breath. If attention wanders, return to the breath. Let go of thoughts, feelings or distractions.

## **Repeat steps 6-7.**

For the duration of meditation session. The mind will wander. Simply acknowledge this and return to your breath.

## **Be kind to yourself.**

Don't be upset if focus occasionally drifts or if you fall asleep. If very tired, meditate with eyes open and rearrange posture to more erect (but still relaxed) position.

## **Prepare for a soft landing.**

When the timer goes off, keep eyes closed until you're ready to open them. Be thankful. Acknowledge your practice with gratitude.
