Reader's Guide to American History Peter J. Parish, 2013-06-17 There are so many books on so many aspects of the history of the United States offering such a wide variety of interpretations that students teachers scholars and librarians often need help and advice on how to find what they want The Reader's Guide to American History is designed to meet that need by adopting a new and constructive approach to the appreciation of this rich historiography Each of the 600 entries on topics in political social and economic history describes and evaluates some 6 to 12 books on the topic providing guidance to the reader on everything from broad surveys and interpretive works to specialized monographs The entries are devoted to events and individuals as well as broader themes and are written by a team of well over 200 contributors all scholars of American history

Denial of Genocides in the Twenty-First Century Bedross Der Matossian, 2023-05 Denial of Genocides in the Twenty First Century discusses genocide denial in the twenty first century by concentrating on communication social networks and public spheres of daily life

History Can Bite Denise Bentreovato, Karina V. Korostelina, Martina Schulze, 2016-10-10 The volume provides critical insights into approaches adopted by curricula textbooks and teachers around the world when teaching about the past in the wake of civil war and mass violence discerning some of the key challenges and opportunities involved in such endeavors The contributors discuss ways in which history teaching has acted as a political tool that has at times been guilty of exacerbating inter group conflicts It also highlights history teaching as an important component of reconciliation attempts showcasing examples of curricular reform and textbook revision after conflict and discussing how the contestations and difficulties surrounding such processes were addressed in different post conflict societies

Comparative Perspectives on School Textbooks Dobrochna Hildebrandt-Wypych, Alexander W. Wiseman, 2021-04-22 This book examines the discourses on nation building civic identity minorities and the formation of religious identities in school textbooks worldwide It offers up to date practical and scholarly information on qualitative and mixed method textbook analysis as well as the broader context of critical comparative textbook and curriculum analyses in and across selected countries The volume offers unique and empirical research on how internal educational policies and ideological goals of dominant social political and economic groups affect textbook production and the curricular aims in different educational systems worldwide Chapters address the role of school textbooks in developing nationhood the creation of citizenship through school textbooks the complexity of gender in normative discourses and the intersection of religion and culture in school textbooks
