National Memories Henry L. Roediger III, James V. Wertsch, 2022 This volume brings together distinguished scholars to address broad societal claims about the surge in populist nationalism in the scholarly literature on collective memory Through an examination of conceptual claims and empirical evidence in the collective memory literature this book offers a multidisciplinary modern approach to studying these persistent challenges

The New Populism Marco Revelli, 2019-07-02 The word populism has come to cover all manner of sins Yet despite the prevalence of its use it is often difficult to understand what connects its various supposed expressions From Syriza to Trump and from Podemos to Brexit the electoral earthquakes of recent years have often been grouped under this term But what actually defines populism Is it an ideology a form of organisation or a mentality Marco Revelli seeks to answer this question by getting to grips with the historical dynamics of so called populist movements While in the early days of democracy populism sought to represent classes and social layers who asserted their political role for the first time in today's post democratic climate it instead expresses the grievances of those who had until recently felt that they were included Having lost their power the disinherited embrace not a political alternative to isms like liberalism or socialism but a populist mood of discontent The new populism is the formless form that protest and grievance assume in the era of financialisation in the era where the atomised masses lack voice or organisation For Revelli this new populism the child of an age in which the Left has been hollowed out and lost its capacity to offer an alternative

A Companion to Linguistic Anthropology Alessandro Duranti, 2008-04-15 A Companion to Linguistic Anthropology provides a series of in depth explorations of key concepts and approaches by some of the scholars whose work constitutes the theoretical and methodological foundations of the contemporary study of language as culture Provides a definitive overview of the field of linguistic anthropology comprised of original contributions by leading scholars in the field Summarizes past and contemporary research across the field and is intended to spur students and scholars to pursue new paths in the coming decades Includes a comprehensive bibliography of over 2000 entries designed as a resource for anyone seeking a guide to the literature of linguistic anthropology

Richard Wright Keneth Kinnamon, 2014-11-04 African American writer Richard Wright 1908 1960 was celebrated during the early

1940s for his searing autobiography *Black Boy* and fiction *Native Son*. By 1947 he felt so unwelcome in his homeland that he exiled himself and his family in Paris. But his writings changed American culture forever and today they are mainstays of literature and composition classes. He and his works are also the subjects of numerous critical essays and commentaries by contemporary writers. This volume presents a comprehensive annotated bibliography of those essays, books, and articles from 1983 through 2003. Arranged alphabetically by author, within years are some 8,320 entries ranging from unpublished dissertations to book-length studies of African American literature and literary criticism. Also included as an appendix are addenda to the author's earlier bibliography covering the years from 1934 through 1982. This is the exhaustive reference for serious students of Richard Wright and his critics. *48 Liberal Lies About American History* Larry Schweikart, 2008-09-04. A historian debunks four dozen PC myths about our nation's past. Over the last forty years, history textbooks have become more and more politically correct and distorted about our country's past, argues professor Larry Schweikart. The result, he says, is that students graduate from high school and even college with twisted beliefs about economics, foreign policy, war, religion, race relations, and many other subjects. As he did in his popular *A Patriot's History of the United States*, Professor Schweikart corrects liberal bias by rediscovering facts that were once widely known. He challenges distorted books by name and debunks forty-eight common myths. A sample: The founders wanted to create a wall of separation between church and state. Lincoln issued the Emancipation Proclamation only because he needed black soldiers. Truman ordered the bombing of Hiroshima to intimidate the Soviets with atomic diplomacy. Mikhail Gorbachev, not Ronald Reagan, was responsible for ending the Cold War. America's past, though not perfect, is far more admirable than you were probably taught. **Handbook for the Study of the United States** William Bate, Perry Frank, 1989. Research in Education, 1974.
