

The Great American Dream is a National Ethos focusing on the American ideals of democracy, equality, rights and opportunity for prosperity and success. How does the novels, joy luck club, kite runner and of mice and men focus and convey the pursuit of these American Ideals? Write a research paper of at least 2500 words explaining this.

What is The Great American Dream? The Great American Dream is that dream of a land in which life should be better and richer and fuller for everyone, with opportunity for each according to ability or achievement. It is the ideal that the government should protect each person's opportunity and rights to pursue their own idea of happiness. Thus not just the Europeans but people from all over the world traveled to America in search of employment and a better life than in their homeland. America proved to be a land where you could pursue your dreams regardless of your religion, race, caste and creed.

It is obvious that the ideals of The Great American Dream were portrayed through the themes and characters in all three novels. There is a simple premise that anyone, through hard work and fair dealings, could attain independent economic prosperity in America which attracted many people around the world to America including the writers themselves. The Great American Dream signifies the start of a journey that will transform one's life initially filled with difficulties and discrimination to one filled with hope, liberty, freedom and rights. Thus this provides the foundation to the plot of all three books where the characters flee from war torn countries to America. The American Dream provides ease for the writers to write about, especially when they themselves had once pursue after the dream. The American Dream is so powerful that it made possible an economy that, for the first time in history, became more than just an exchange of slightly improved natural resources or a poorly maintained support network for incessant aristocratic warfare. It is done through motivating millions of individuals pursuing the Dream, to use technology to solve the myriad of problems we confront in everyday life and turned our economy into an engine of technological innovation. Thus many literature writers uses The American Dream as a theme in their novels not only because of the ease it provides but also the importance of the dream.

Therefore, in this research paper, I would like to discuss about the two ideals of The Great American Dream, opportunity for prosperity and success, and equality, that was portrayed through the three novels, Joy Luck Club, The Kite Runner and Of Mice and Men.

In The Joy Luck Club, the mothers were forced to leave China for America due to the war that broke out. They wanted a better, peaceful and a prosperous life in America where their children can grow to become anything in America, regardless of whether or not they start out poor, so long as they are determined.
