

Grade 8 FCAT Science Sample Answers

This booklet contains the answers to the FCAT Science sample questions. It also gives the Sunshine State Standards benchmark assessed by each sample question. In addition, answer strategies or possible approaches to answering the questions are provided. Students may use approaches other than these and still receive credit if they obtain a correct answer. For multiple-choice items, the reason an answer choice is incorrect (distractor rationale) is also provided. Multiple-choice and gridded-response items are scored by awarding one point for each correct answer.

The intent of these sample test materials is to orient teachers and students to the types of questions on FCAT tests. By using these materials, students will become familiar with the types of items and response formats that they will see on the actual test. The sample test materials are not intended to demonstrate the length of the actual test, nor should student responses be used as an indicator of student performance on the actual test. Additional information about test items can be found in the *FCAT Test Item Specifications* at <http://fcat.fl DOE.org/fcatis01.asp> and previously released FCAT tests at <http://fcat.fl DOE.org/fcatrelease.asp>.

The sample questions for students and the sample answers for teachers will only be available online at: <http://fcat.fl DOE.org/fcatsmpl.asp>.
