Social interaction, identity and language learning during residence abroad Rosamond Mitchell, Nicole Tracy-Ventura, Kevin McManus, 2015-08-10 Study and residence abroad are important for adult second language learning

promoting oral skills fluency and sociopragmatic competence in particular alongside broader intercultural competence. However learner achievements during residence abroad are variable and cannot be fully understood without attention to the social settings in which learners engage and the social networks they develop. This edited collection explores the relationship between sociocultural experience, identity and language learning among student sojourners abroad. Three broad themes are identified: the contribution of different settings (host families, student exchanges, work placements etc.) to language learning opportunity; the role of social networks in sojourners' language practices and learning success; and their evolving social identities. The book is relevant for a readership interested in informal second language learning as well as for managers of residence abroad programmes.

This textbook serves as a current and comprehensive resource on effective Continuing Professional Development (CPD) for TESOL practitioners in various contexts around the world at various stages in their careers. The practices described by language teachers, teacher educators and professional development providers in this book offer a vision of critical issues to consider when designing and evaluating professional development opportunities. Effective professional development requires careful planning informed by the realities of the local context and the specific needs of the teachers. Each chapter includes a discussion about the type and source of support available in the given context as well as a reflection on the challenges that exist for both teachers and CPD providers. These insights serve to help CPD designers and providers as they problematize teacher development opportunities in their context. Each chapter concludes with a synthesis of the strengths of CPD in the local context and a discussion of future directions that target opportunities for transformation and improvement. This volume celebrates teachers, teacher educators and CPD providers around the world.
