Milnes, 2013 The enjoyment that comes from the ability to play a musical instrument must be one of the most valuable gifts that a parent can bestow upon a child It can also be one of the most challenging gifts to give as it takes years of emotional and financial investment with quite likely more than a few tears and tantrums along the way and that's just the parents Children and their mentors need great staying power and a vision of what will be possible not just next week or next term but

in many years hence A Parent's Guide to Music Lessons will guide you through all of the knotty problems and questions you might encounter if your child is taking music lessons. With the cost of this book being very likely less than you will be paying for 30 minutes tuition, it makes sense to invest a little now in order to get the most out of your long-term venture. **A**
