

Valencia College Bridges to Success

2015 SUMMER PROGRAM APPLICATION GUIDELINES AND INSTRUCTIONS

Program Overview:

The Bridges to Success Summer Program provides you with an opportunity to begin your college-level work in the summer prior to full-time classes seeking enrollment at Valencia College in the fall. If you are selected for the program, you will register and attend classes from June 25, 2015 to July 31, 2015. Bridges students receive institutionalized educational assistance from Valencia faculty and staff. These individuals are dedicated to assisting students in meeting educational milestones from high school to college and will help build leadership skills through community service and extra-curricular activities.

Upon successful completion of the Bridges to Success Summer Program, you will become a Bridges to Success Achievers Scholar in the Fall 2015. Bridges Achievers Scholars receive a renewable on-site full-tuition scholarship and book stipend that will be coincided with financial aid to cover the full cost of attending Valencia College.

Eligibility:

Class of 2015 high school graduates from Orange and Osceola Counties are invited to apply for the Bridges to Success Summer Program. Special consideration is given to students with financial need and/or documented risk factors that may impede entry into college.

[Handbook of Research on Online Pedagogical Models for Mathematics Teacher Education](#)

Wachira, Patrick, Keengwe, Jared, 2019-11-29 Online learning has become an important vehicle for teacher and student learning. When well designed online environments can be very powerful in a way that is consistent with the goals of inquiry, experimentation, investigation, reasoning, and problem solving, so learners can develop a deep understanding of a subject. Some subjects, however, are not well suited for this type of learning due to the need for small group collaborating and hands-on problem solving. The Handbook of Research on Online Pedagogical Models for Mathematics Teacher Education provides innovative insights into technology applications and tools used in teaching mathematics online and provides examples of online learning environments and platforms that are suitable for meeting math education goals of inquiry, investigation, reasoning, and problem solving. The content within this publication examines access to education, professional development, and web-based learning. It is designed for teachers, curriculum developers, instructional designers, educational software developers, IT consultants, higher education faculty, policymakers, administrators, researchers, academicians, and students.
