freedom Action Political agency and its obstacles are a key theme in Pitkin's work and a main area of her theoretical innovation. She has examined the appeal of autonomy as a picture of political agency explored the ways that the institutional arrangements of modern liberal societies attempt to link of individual and political agency and offered a picture of political freedom as maintaining the tension between individual parts and collective wholes. Finally Pitkin has meditated on the political and social conditions that most impede our ability to grasp agency as a practice of political freedom and gestured to paths that may lead forward.

Electrical Principles and Technology for Engineering John Bird, 2013-10-22 The aim of this book is to introduce students to the basic electrical and electronic principles needed by technicians in fields such as electrical engineering, electronics and telecommunications. The emphasis is on the practical aspects of the subject and the author has followed his usual successful formula incorporating many worked examples and problems answers supplied into the learning process. Electrical Principles and Technology for Engineering is John Bird's core text for Further Education courses at BTEC levels N11 and N111 and Advanced GNVQ. It is also designed to provide a comprehensive introduction for students on a variety of City Guilds courses and any students or technicians requiring a sound grounding in Electrical Principles and Electrical Power Technology.

Immortalaeism Vul Impera, 2020-02-28 Vul Impera investigates the fundamental philosophical aspects of power demonstrating fundamental aspects of the relationship of power itself and the relationship of power to human nature. Examining what power is Vul proceeds to discuss what power is to people and in a convincing argument illustrates how to increase in power and also to determine if one is powerful. In the second writing of Immortalaeism Vul illuminates the philosophy of empire. Concerned with the element of rulership which was discussed in power Vul provides a beginning for the philosophy of empire which he simply uses as an empirical demonstration of power indicating it is written to be an appendix demonstrating power in organisation. Lastly Vul relates a spiritual book called Immortalae which was produced through a spiritual endeavour that lasted thirteen years from the time Vul was eighteen. Attempting many religions experiences and philosophies Vul communicates his spirituality which he has founded and established as his own religion which in eventuality includes all three written works into a paradigm that Vul labels Immortalaeism. Vul provides spiritual answers that surround the notion of the holy grail in the final book. All three writings are transmitted through his personal experience on the subjects and are a product of his life circumstances. **Complete**
