

**DIAGNOSTIC TEST IN EARTH AND LIFE SCIENCE
SY 2022-2023**

Instructions: Read each question carefully and shade the correct answer in the answer sheet provided to you. Do not write anything on this test questionnaire.

1. Which refers to the only planet in the solar system that gave rise to complex life?
A. Earth
B. Mars
C. Mercury
D. Venus

2. Major human activities cause great destructions on Earth's subsystems. Since energy and matter is cycled within the spheres and being part of the system, these harmful activities bring forth destruction to us in a boomerang effect. One example of this is the Global warming. As a student, what recommendation can you give to solve this problem?
A. Report the violators to the United Nations.
B. Just ignore and continue your daily routines.
C. Be active in advocating change by rallying outside government hall.
D. Start the change from yourself by not contributing pollution to the environment.

For items 3-4, refer to the chemical formula and property of the minerals presented in the table below.

Table 1. Chemical formula and property of the minerals

	Minerals	
	Olivine	Hematite
Chemical formula	(Mg,Fe) ₂ SiO ₄	Fe ₂ O ₃
Hardness (max)	7	6

3. Which of the following inference can be made about the two minerals?
A. Olivine can scratch hematite.
B. Hematite can scratch olivine.
C. The two minerals can scratch each other.
D. Neither of the two could scratch the other.

4. Which chemical groups do these two minerals belong?
A. Olivine = oxide; hematite = sulfate
B. Olivine = silicate; hematite = oxide
C. Olivine = sulfate; hematite = oxide
D. Olivine = oxide; hematite = silicate

Answerkey To Semester 2 Of Life Science

Smith,Forbes

Answerkey To Semester 2 Of Life Science:

Resources in Education ,1989-05 Science of Life: Biology Parent Lesson Plan ,2013-08-01 The Science of Life Biology Course Description This is the suggested course sequence that allows one core area of science to be studied per semester You can change the sequence of the semesters per the needs or interests of your student materials for each semester are independent of one another to allow flexibility Semester 1 Intro to Science Have you ever wondered about human fossils cave men skin color ape men or why missing links are still missing Want to discover when T Rex was small enough to fit in your hand Or how old dinosaur fossils are and how we know the age of these bones Learn how the Bibles world view not evolution s unites evidence from science and history into a solid creation foundation for understanding the origin history and destiny of life including yours In Building Blocks in Science Gary Parker explores some of the most interesting areas of science fossils the errors of evolution the evidences for creation all about early man and human origins dinosaurs and even races Learn how scientists use evidence in the present how historians use evidence of the past and discover the biblical world view not evolution that puts the two together in a credible and scientifically sound way Semester 2 Life Science Study clear biological answers for how science and Scripture fit together to honor the Creator Have you ever wondered about such captivating topics as genetics the roll of natural selection embryonic development or DNA and the magnificent origins of life Within Building Blocks in Life Science you will discover exceptional insights and clarity to patterns of order in living things including the promise of healing and new birth in Christ Study numerous ways to refute the evolutionary worldview that life simply evolved by chance over millions of years The evolutionary worldview can be found filtered through every topic at every age level in our society It has become the overwhelmingly accepted paradigm for the origins of life as taught in all secular institutions This dynamic education resource helps young people not only learn science from a biblical perspective but also helps them know how to defend their faith in the process Big Book of Home Learning Mary Pride,1991-07 Learn at home with exciting products for all school subjects New *Spelling Skills, Grades 7 - 8* Smith,Forbes,2008-09-03 Support students spelling phonics and writing skills with Spelling Skills for grades 7 and up This 128 page book teaches spelling skills through whole group and individual instruction and includes enrichment activities a glossary a list of children s literature student spelling inventory reproducibles and an answer key Students grasp a well rounded understanding of spelling skills practice the skills with exercises and apply those skills through writing assignments

Notices of the American Mathematical Society American Mathematical Society,1983 Contains articles of significant interest to mathematicians including reports on current mathematical research Basic Pre-Med Parent Lesson Plan ,2013-08-01 Basic Pre Med Course Description This is the suggested course sequence that allows one core area of science to be studied per semester You can change the sequence of the semesters per the needs or interests of your student materials for each semester are independent of one another to allow flexibility Semester 1 Microbiology As the world waits in fear

world health organizations race to develop a vaccine for the looming bird flu epidemic a threat that has forced international federal and local governments to begin planning for a possible pandemic and the widespread death and devastation which would follow Will the world find an answer in time Or will we see this threat ravage populations as others have before in 1918 with influenza in the late 18th century with yellow fever or the horrific black death or bubonic plague in 1347 AD Are these viruses examples of evolution Did God make microbes by mistake Are they accidents of evolution out of the primordial soup These timely questions are examined throughout The Genesis of Germs It seems that a new and more terrible disease is touted on the news almost daily The spread of these scary diseases from bird flu to SARS to AIDS is a cause for concern and leads to questions such as Where did all these germs come from and how do they fit into a biblical world view What kind of function did these microbes have before the Fall Does antibiotic resistance in bacteria prove evolution How can something so small have such a huge deadly impact on the world around us Professor Alan Gillen sheds light on these and many other questions in this revealing and detailed book He shows how these constantly mutating diseases are proof for devolution rather than evolution and how all of these germs fit into a biblical world view Dr Gillen shows how germs are symptomatic of the literal Fall and Curse of creation as a result of man s sin and the hope we have in the coming of Jesus Christ Semester 2 Life Science Study clear biological answers for how science and Scripture fit together to honor the Creator Have you ever wondered about such captivating topics as genetics the roll of natural selection embryonic development or DNA and the magnificent origins of life Within Building Blocks in Life Science you will discover exceptional insights and clarity to patterns of order in living things including the promise of healing and new birth in Christ Study numerous ways to refute the evolutionary worldview that life simply evolved by chance over millions of years The evolutionary worldview can be found filtered through every topic at every age level in our society It has become the overwhelmingly accepted paradigm for the origins of life as taught in all secular institutions This dynamic education resource helps young people not only learn science from a biblical perspective but also helps them know how to defend their faith in the process

El-Hi Textbooks in Print, 1984 **Questions & Answers on Your Preprofessional Education** Julian M. Frankenberg, 1977 **CUEBS News**, 1970 **The Software Encyclopedia 2000** Bowker Editorial Staff, 2000-05 **Libraries and Graduate Students** Gretta Siegel, 2013-10-18 This book gathers together a variety of perspectives and approaches toward building relationships between academic libraries and a unique scholarly population with specific needs graduate students This valuable resource shows efforts on specific programs and strategies to enhance and enrich the graduate student experience Contributions to this volume include a wide variety approaches though case studies an extensive literature review on academic integrity an initiative for program development in the context of a broader education initiative and a chapter on graduate fellowships for manuscripts and special collections Many of the approaches integrate tried and true information literacy strategies but they also put unique spins on these approaches This book s scope includes large and small colleges and universities public and

private and specialized and general Subjects include stand alone courses and workshops program development assessment distance education online environments instructional design and collaborations This book is a valuable resource for public service librarians information literacy instruction librarians library science professors graduate program coordinators special collections librarians and subject specialist librarians in all areas This book was published as a special issue of Public Services Quarterly

Science Books & Films ,1980 **Performance Tests and Selected Answers** State Bar of California. Committee of Bar Examiners,1993-02 Creating Equitable Classrooms Through Action Research Cathy Caro-Bruce,2007-08 Recognizing the importance of race class gender culture and ability the authors provide a window into the difficulties that professional educators grapple with as they face the challenge of teaching all children This text is both authentic and practical and it demystifies the issues of equity that pervade today s classrooms Diane Yendol Hoppey Associate Professor University of Florida Gainesville Action research of this caliber on the subject of equity is critically needed for all children to have access to the same level of rigor and high standards This is a must read for districts that really want to turn action research into action that affects student learning Terry Morganti Fisher Director of Professional Development Austin Independent School District TX Utilize the power of action research to narrow the achievement gap Despite the best intentions of reform efforts educational inequity continues to exist in public schools Creating Equitable Classrooms Through Action Research confronts this challenge head on and shows educators how they can use action research to both raise student achievement and strengthen instructional leadership Ideal for both a first time action research endeavor or one already in progress this practical guidebook helps practitioners formulate specific research questions collect and analyze data and communicate their findings Educators will discover Ten action research studies on narrowing the achievement gap Guidelines for implementing an action research project that supports culturally relevant instruction Authentic examples for discussion and reflection Invaluable for school district leaders teachers professional development schools and preservice teachers this resource for systemwide improvement efforts helps schools provide more equitable learning environments for all children
