Alien Zone Annette Kuhn, 1990 This is especially true of the science fiction film a genre as old as cinema itself which has rarely received the serious attention devoted to such genres as the western the film noir and recently under the aegis of feminist film theory the so called woman s film Alien Zone aims to bring science fiction cinema fully into the ambit of cultural theory in general and of film theory in particular The essays in this book some newly written others gathered from scattered sources look at the ways in which contemporary science fiction films draw on rework and transform established themes and conventions of the genre the mise en scene of future worlds the myth of masculine mastery of nature power and authority and their relation to technology This material is ordered and contextualized by the editor with a view to exploring how science fiction cinema has been approached critically and theoretically by commentators on the genre as a mirror of society as bearing or producing ideology as caught up in an intertext of media productions or as expressing unconscious desires Contributors include Giuliana Bruno Scott Bukatman Thomas B Byers Barbara Creed Anne Cranny Francis Daniel Dervin H Bruce Franklin James H Kavanagh Douglas Kelner Steve Neale Judith Newton Constance Penley Hugh Ruppersberg Michael Ryan Vivian Sobchack Michael Stern J P Telotte and Paul Virilio

Encyclopedia of Diversity in Education James A. Banks, 2012-05-17 The diversity education literature both nationally and internationally is broad and diffuse Consequently there needs to be a systematic and logical way to organize and present the state of research for students and professionals American citizens need to understand the dynamics of their increasingly diverse communities and institutions and the global world in which we live work and lead With continually evolving information on diversity policies practices and programs it is important to have one place where students scholars teachers and policymakers can examine and explore research policy and practice issues and find answers to important questions about how diversity in U S education enriched with theories research and practices in other nations are explained and communicated and how they affect institutional change at both the K 12 and postsecondary levels With about 700 signed entries with cross references and recommended readings the Encyclopedia of Diversity in Education 4 volumes in both print and electronic formats will present research and statistics case studies and best practices policies and programs at pre and postsecondary levels Diversity is a worldwide phenomenon and while most of the entries in the Encyclopedia will focus on the United States diversity issues and developments in nations around the world including the United States are intricately connected

Consequently to illuminate the many aspects of diversity this volume will contain entries from different nations in the world in order to illuminate the myriad aspects of diversity From A to Z this Encyclopedia will cover the full spectrum of diversity issues including race class gender religion language exceptionality and the global dimensions of diversity as they relate to education This four volume reference work will be the definitive reference for diversity issues in education in the United States and the world
