Efficiency of Investment Projects Peter Brusov, Tatiana Filatova, 2025-09-30 Existing investment models fail to correctly assess the efficiency of investments This happens due to both the lack of self consistent models based on first principles and the inability to correctly assess the discount rate This book describes innovative investment models tested in practice The authors modify these models for real implementation conditions including frequent payments of income tax and interest on debt at the end of periods and as advance payments and variable payments The book examines how these types of payments influence the efficiency of investment projects It considers the efficiency of an

investment project from two perspectives the owners of equity and debt and only the equity The latest versions of two main theories of capital structure Brusov Filatova Orekhova BFO and Modigliani Miller MM allow for the correct assessment of the discount rate when evaluating the efficiency of investment projects both long term and of arbitrary duration The book also describes the practical application of the created investment models and develops a new methodology for rating investment projects

Cracked it! Bernard Garrette, Corey Phelps, Olivier Sibony, 2018-06-08 Solving complex problems and selling their solutions is critical for personal and organizational success For most of us however it doesn't come naturally and we haven't been taught how to do it well Research shows a host of pitfalls trips us up when we try We're quick to believe we understand a situation and jump to a flawed solution We seek to confirm our hypotheses and ignore conflicting evidence We view challenges incompletely through the frameworks we know instead of with a fresh pair of eyes And when we communicate our recommendations we forget our reasoning isn't obvious to our audience How can we do it better In *Cracked It* seasoned strategy professors and consultants Bernard Garrette Corey Phelps and Olivier Sibony present a rigorous and practical four step approach to overcome these pitfalls Building on tried and tested but rarely revealed methods of top strategy consultants research in cognitive psychology and the latest advances in design thinking they provide a step by step process and toolkit that will help readers tackle any challenging business problem Using compelling stories and detailed case examples the authors guide readers through each step in the process from how to state structure and then solve problems to how to sell the solutions Written in an engaging style by a trio of experts with decades of experience researching teaching and consulting on complex business problems this book will be an indispensable manual for anyone interested in creating value by helping their organizations crack the problems that matter most

Corporate Finance for Long-Term Value Dirk Schoenmaker, Willem Schramade, 2023-09-13 This open access textbook offers a guide to corporate finance for modern companies that want to create long term value Drawing on recent literature on sustainable companies it starts by analysing the Sustainable Development Goals as a strategy for the transition to a sustainable economy Next it translates the general concept of sustainability into core corporate finance methods such as net present value company valuation cost of capital capital structure and M A Current corporate finance textbooks are primarily based on the shareholder model designed to maximise financial value This book instead adopts the integrated model which argues that companies have to serve the interests of their current and future stakeholders Accordingly companies move from simply maximising financial value to optimising integrated value which combines financial social and environmental value Applying this new paradigm of integrated value is the truly innovative feature of this textbook Written for undergraduate and graduate students of Finance Economics and Business Administration this textbook provides a fresh analysis of corporate finance Combining theory empirical data and examples from actual companies it reveals the sustainability challenges for corporate investment and shows how finance can be used to steer funds to sustainable companies and projects and thus accelerate the transition to a

sustainable economy **Corporate Finance for Lawyers** Rolef de Weijs,Joost de Vries,Aart Jonkers,2023-02-14 Corporate Finance for Lawyers explores the intricate relationship between law and corporate finance Utilising the Financial Mindmap throughout chapters depict financial concepts by using colours and visualisations in a clear and intuitive manner

International Financial Crisis, The: Have The Rules Of Finance Changed? Douglas D Evanoff,George G Kaufman,Asli Demirguc-kunt,2011-01-27 The recent global financial crisis has caused massive upheavals worldwide The papers in this volume analyze whether financial principles seem to have shifted in recent years and what that may mean for international financial markets and regulation What broke in the current crisis Is there no playbook on how to respond to systemic crises What is the optimal role of the state in dealing with crises How should asset bubbles be addressed in the future Do we need a major overhaul of governance in the industry What means exist to address systemic crises What reforms are needed These and related issues are discussed by an impressive list of well known scholars policymakers and practitioners with an emphasis on the implications for public policy Journal of Applied Corporate Finance ,2007 **The British National Bibliography** Arthur James Wells,2007 *Introduction to Financial Models for Management and Planning* James R. Morris,John P. Daley,2017-05-30 A properly structured financial model can provide decision makers with a powerful planning tool that helps them identify the consequences of their decisions before they are put into practice *Introduction to Financial Models for Management and Planning* Second Edition enables professionals and students to learn how to develop and use computer based models for financial planning This volume provides critical tools for the financial toolbox then shows how to use them tools to build successful models *Financing and Raising Capital* Bloomsbury Publishing,2015-11-19 The success of your business can depend on having access to the necessary capital *Financing and Raising Capital* shows how all types of company can meet the challenge of obtaining funds for growth and special projects Comprehensively explaining the basics for both entrepreneurs and corporate finance professionals it provides authoritative analysis and strategies Let the experts guide you through the process of raising capital with contributions from over 30 leading practitioners and academics including Lawrence Brotzge consultant and angel investor David Wyss chief economist Standard Poor s Frank J Fabozzi professor Yale Seth Armitage professor Edinburgh and Augusto de la Torre chief economist Latin America and the Caribbean World Bank **QFINANCE** Bloomsbury,2012-06-01 QFINANCE 3rd Edition The Ultimate Resource is the first stop reference for the finance professional or the student of finance Its coverage and author quality reflect a fine blend of practitioner and academic expertise which provides the reader with an thorough education in 2 million words The expansive coverage of QFINANCE 3rd Edition offers both practical and thought provoking guidance to satisfy the demands of the finance professional The book includes over 250 best practice and thought leadership articles covering key concerns such as accounting standards management development and the problems with mainstream economics QFINANCE also includes Checklists more than 250 practical guides and solutions to daily financial challenges Finance Information

Multidimensional Strategic Outlook on Global Competitive Energy Economics and Finance Hasan Dinçer,Serhat Yüksel,2022-02-18 Multidimensional Strategic Outlook on Global Competitive Energy Economics and Finance analyses current trends in energy production and use with a focus on technological developments that contribute to the reduction of price in energy production and renewable energy sources that provide continuity in energy production

Beyond Earnings David A. Holland,Bryant A. Matthews,2017-12-04 Beyond Earnings is targeted at investors financial professionals and students who want to improve their ability to analyze financial statements forecast cash flows and ultimately value a company The authors demonstrate that reported earnings are easily gamed by accounting shenanigans and reveal how commonly used profitability measures such as return on equity can be misleading Because earnings and P E ratios are too unreliable for valuation this book takes you beyond earnings and shows you how to apply the HOLT CFROI and Economic Profit framework in a step by step manner A better measure of profitability results in improved capital allocation decisions and fundamental valuations This ground breaking book offers the first practical in depth discussion of how profitability and growth fade and shows how to put this information to work right away The authors introduce their trailblazing Fundamental Pricing Model which includes fade as an adjustable value driver and can be used to value the impact of business model disruption As the authors explain the key to superior stock picking is understanding the expectations embedded in a stock s price and having a clear view of whether the company can beat those expectations The HOLT framework has been rigorously field tested for over 40 years by global investment professionals to help them make better stock picks and by corporate managers to understand the expectations embedded in their stock price Beyond Earnings is an indispensable guide for investors who want to improve their odds of outperforming the competition

QFINANCE Bloomsbury Publishing,2014-11-20 QFINANCE The Ultimate Resource 5th edition is the first step reference for the finance professional or student of finance Its coverage and author quality reflect a fine blend of practitioner and academic expertise whilst providing the reader with a thorough education in the many facets of finance

Financial business planning as a success factor on competition Patrick Lukasiak,2019-05-16 Scientific Study from the year 2019 in the subject Business economics Company formation Business Plans language English abstract The aim of this case study is to provide a basic theoretical understanding about financial business planning in the field of start up companies and also for business case purposes within running ventures In conclusion there shall be a controversy discussion about different financial success factors and the associated risks and limits in order to persist on competition In addition to that there will be a transfer into a practical example to apply the theoretical knowledge The final approach is a critical evaluation about the topics regarded Entrepreneurship is enjoying ever growing popularity most likely due to the idea that it is only possible to develop the own

personality through a self determining activity A business start up establishes for the founder the highest degree of individual personal development and complacency Thus it is not surprising that especially for the younger generation this topic become more and more in the center of attention Furthermore independent or freelance activities may provide both personal fulfillment and an opportunity of more income All companies require capital to invest in plant machinery inventories accounts receivable and all the other assets it takes to run a business The topic finance planning has an essential importance in the context of business planning It summarizes all textual descriptions of the business plan into clear interpretable numbers Potential and value of a business idea has to be clearly visible and identifiable Based on a detailed planning the capital requirements arise which is needed to derive the necessary type of funding Due to the fact that most start ups are characterized by relatively high risk of fail and a huge need of capital by the founder which can cause an existential personal threat a detailed and realistic finance plan is mandatory For the existence of a start up it is essential to have always available and sufficient liquidity and it constitutes therefore a fundamental motive for a corporate financing
