15 Application Forms University Of Mpumalanga:

Digital Preservation and Documentation of Global Indigenous Knowledge Systems Masenya, Tlou

Maggie,2023-08-03 Indigenous knowledge is regarded as undocumented cultural local traditional and community knowledge produced and owned by local people in their specific communities It is mainly preserved in the memories of elders and shared or passed on from generation to generation through oral communication traditional practices and demonstrations This irreplaceable resource may be lost forever as a direct result of the pressures of modernization colonization and globalization Concern over the loss of Indigenous knowledge has thus raised a need for the preservation and documentation of this knowledge in digital formats Digital Preservation and Documentation of Global Indigenous Knowledge Systems determines how Indigenous knowledge can be documented and digitally preserved to benefit Indigenous knowledge owners and their communities and be accessible for future generations The book provides the best practices innovative strategies theoretical and conceptual frameworks and empirical research findings regarding the digital preservation and documentation of Indigenous knowledge systems worldwide Covering topics such as digital media platforms educational management and knowledge systems this premier reference source is a valuable and useful tool for students information professionals knowledge managers records managers Indigenous knowledge owners Indigenous community leaders librarians archivists computer scientists information technology specialists students and educators of higher education researchers and academicians

Research Anthology on Applying Social Networking Strategies to Classrooms and Libraries Management

Association, Information Resources,2022-07-08 The introduction of social media has given many communities the opportunity to connect and communicate with each other at a higher level than ever before Many organizations from businesses to governments have taken advantage of this important tool to conduct research and enhance efficiency Libraries and educational institutions have also made use of social media to enhance educational marketing engage with learning communities adapt educational tools and more The Research Anthology on Applying Social Networking Strategies to Classrooms and Libraries describes the applications tools and opportunities provided by the intersection of education and social media It also considers the ways in which social media encourages learner engagement and community participation Covering topics such as data collection online professional learning networks and reinforcement learning this major reference work is a dynamic resource for pre service teachers teacher educators faculty and administrators of both K 12 and higher education librarians archivists government officials researchers and academicians

Drum ,2007 The

Geography of South Africa Jasper Knight,Christian M. Rogerson,2018-10-03 This edited collection examines contemporary directions in geographical research on South Africa It encompasses a cross section of selected themes of critical importance not only to the discipline of Geography in South Africa but also of relevance to other areas of the Global South All chapters are original contributions providing a state of the art research baseline on key themes in physical human and environmental

geography and in understanding the changing geographical landscapes of modern South Africa These contributions set the scene for an understanding of the relationships between modern South Africa and the wider contemporary world including issues of sustainable development and growth in the Global South The Columbia Gazetteer of the World: A to G Saul Bernard Cohen, 2008 A geographical encyclopedia of world place names contains alphabetized entries with detailed statistics on location name pronunciation topography history and economic and cultural points of interest **Commonwealth Education Partnerships, 2007** ,2006 Commonwealth Education Partnership 2007 is an essential overview of the development of education systems in the Commonwealth focusing on international collaborations and on the partnerships in member countries between government NGOs and the private sector in education Focuses in this edition increasing access and the right to quality education supporting teachers for quality education resourcing and education for the good of all Published for the Commonwealth Secretariat by Nexus Partnerships **The Mammals of the Southern African Sub-region** J. D. Skinner, Christian T. Chimimba, 2005-11-15 This comprehensive volume covers all mammals that occur naturally on the African mainland south of the Cunene and Zambezi rivers and also in the subregion's coastal waters Extensively revised and updated for the new edition it now includes the latest data from mammal research in southern Africa along with the radical taxonomic changes across all levels of mammalian classification Containing contributions from specialists on each mammalian order each species description has been reviewed by a range of independent and internationally recognised authorities Along with the latest taxonomic information the distribution maps and illustrations have been updated and redrawn several new colour plates have been added and the whole design has been enhanced to aid access to key information This is the most comprehensive and up to date survey of southern African mammals and forms an essential reference for zoologists evolutionary biologists and anyone wanting an overview of the region's wildlife

Handbook of Research on Digital Learning Montebello, Matthew, 2019-10-11 Education has gone through numerous radical changes as the digital era has transformed the way we as humans communicate inform ourselves purchase goods and perform other mundane chores at home and at work New and emerging pedagogies have enabled rapid advancements perhaps too rapidly It's a challenge for instructors and researchers alike to remain up to date with educational developments and unlock the full potential that technology could have on this significant profession The Handbook of Research on Digital Learning is an essential reference source that explores the different challenges and opportunities that the new and transformative pedagogies have enabled The challenges will be portrayed through a number of case studies where learners have struggled managed and adapted digital technologies in their effort to progress educational goals Opportunities are revealed and displayed in the form of new methodologies institutions scenarios and ongoing research that seeks to optimize the use of such a medium to assist the digital learner in the future of networked education Featuring research on topics such as mobile learning self directed learning and cultural considerations this book is ideally designed for teachers principals

higher education faculty deans curriculum developers instructional designers educational software developers IT specialists students researchers and academicians **South Africa News Update** ,1996-12 Consists of reproductions of articles from South African newspapers Intersectionality of Race, Ethnicity, Class, and Gender in Teaching and Teacher Education Norvella P. Carter, Michael Vavrus, 2018-04-16 In Intersectionality of Race Ethnicity Class and Gender in Teaching and Teacher Education the editors bring together scholarship that employs an intersectionality approach to conditions that affect public school children teachers and teacher educators Chapter authors use intersectionality to examine group identities not only for their differences and experiences of oppression but also for differences within groups that contribute to conflicts among groups This collection moves beyond single dimension conceptions that undermines legal thinking disciplinary knowledge and social justice Intersectionality in this collection helps complicate static notions of race ethnicity class and gender in education Hence this book stands as an addition to research on educational equity in relation to institutional systems of power and privilege
