bedarf wobei in der Studie SchülerInnen mit türkischem Hintergrund in Österreich im Mittelpunkt stehen. Es wird versucht, Raum für die Zusammenführung von Erfahrungen aus erster Hand zu schaffen, um die Komplexität des Überweisungsprozesses anzugehen und ein Verständnis zu entwickeln, das über die Vereinfachung und lineare Erklärungen für die Überrepräsentation von SchülerInnen mit Migrationshintergrund in nicht vielversprechenden Schulen hinausgeht. This book discusses the overrepresented referral of students from a migrant background to special education by concentrating on the case of students from a Turkish background in Austria. It attempts to open space for bringing first-hand experiences together to address the complexity of the referral process and to develop an understanding that goes beyond oversimplification and linear explanations for the overrepresentation of students from a migrant background in low-promising schools. The Civil Service in Europe Karl-Peter Sommermann, Adam Krzywoń, Cristina Fraenkel-Haeberle, 2025-01-29. This book opens an often nationally focused field of research to a transnational common European debate. It addresses the ongoing transformation of the civil service, examining its evolving landscape across Europe and exploring the intricate web of historical, social, and political influences that are shaping its current state and setting the future direction. Written by experts from different European countries, this book offers a transnational and interdisciplinary perspective on the civil service by combining legal analysis with insights from public management, political science, and sociology. It addresses the growing complexity of public administration tasks and the increasing requirements related to the qualification of civil servants amidst global challenges such as climate change, migration, and technological progress. The book is structured to provide both a broad overview as well as in-depth analyses. It covers national developments, presents comparative studies, and tackles intersecting issues such as employment systems, non-discrimination, and human rights, digitalisation, artificial intelligence, the fight against corruption, and administrative culture. It aims to identify common European standards and provide practical guidance for public service reforms. The volume will prove to be an indispensable resource for academics, practitioners, and policymakers concerned with public administration and governance. Background Papers on The IMF and the Crises in Greece, Ireland, and Portugal Moisés J. Schwartz, Shinji Takagi, 2017-06-30. This volume brings together nine background papers prepared for an evaluation by the IMF Independent Evaluation Office of the IMF and the crises in Greece, Ireland, and Portugal. It presents an authoritative work on the evolving relationship between the IMF and the euro area, a common currency area founded in 1999, consisting of advanced, highly integrated economies in Europe. The euro area, or any common currency area for that matter, has posed challenges to the IMF's operational activities as its Articles of Agreement contain no provision for joint membership. The challenges became intense when a series of crises erupted in Greece, Ireland, and Portugal from 2009 to 2011, and the Fund was called upon to help intervene by offering its financing and crisis management expertise. The IMF found itself in

uncharted territory where there was no precedent or established procedure The chapters many of which are prepared by prominent academics and former senior IMF officials who are thoroughly familiar with internal procedures discuss various aspects of the IMF's engagement with the euro area including precrisis surveillance how key decisions were made how the IMF collaborated with European institutions and how it designed and implemented its lending programs with the three crisis countries The book gives prominence to governance related issues given the large voting share of more than 20 percent within the IMF of euro area members and the subsequent public perception that the IMF treated the euro area more favorably than it does developing and emerging market members The approaches are both cross cutting and country based Some chapters deal with issues related to the euro area as a whole while others focus on how the Fund engaged with individual euro area countries The book contains a statement on the IEO evaluation by the IMF Managing Director and a Summing Up of the Executive Board discussion held in July 2016 *Sessional Papers* Great Britain.
