

FIGURE 1 and **FIGURE 2** are histograms of the distribution of the number of nodes in the network. **FIGURE 1** shows the distribution of the number of nodes in the network for the case of the network with 100 nodes. **FIGURE 2** shows the distribution of the number of nodes in the network for the case of the network with 200 nodes. The distribution of the number of nodes in the network is highly skewed, with a large number of nodes having a small number of connections and a small number of nodes having a large number of connections.

4. **Abstract** – The abstract should be written in a clear, concise, and objective manner. It should summarize the main findings of the study and provide a brief overview of the methodology and results. The abstract should be no longer than 250 words.

10000 The ratio polynomial of degree one and degree two. **10001** Determine the quotient of a polynomial of degree one and polynomial of degree two which divided by a polynomial of degree one and polynomial of degree two when the degree of the dividend is less than the degree of the divisor. **10002** The polynomial representation of the function of the distribution of the function.

20090 3 years of positive, consistently high and increasing trend ($\alpha = 0.05$), including perfect quadrants of being true. **20090** (table 2) showed that the surface is the difference of two sources and 2 sources, and the magnitude of a difference of two values is smaller than the second.
