Scene 1

Narrator: Today we would like to take you on a journey to Wonderland

Written by Lewis Carroll in 1864, Alice's adventures in Wonderland is about a small girl who journeys through many strange lands meeting many curious characters along her way.

Our story begins on warm summers day. Alice was happily daydreaming when suddenly something caught her attention.

Alice: A rabbit with a waistcoat, how strange.

White Rabbit: I'm late, I'm late, I'm late!

Alice: What could a rabbit late for?

White Rabbit: I'm late, I'm late, for a very important date!

Disney in Wonderland: A Comparative Analysis of Disney's Alice in Wonderland Film Adaptations from 1951 and 2010
Franziska Schütze, 2014-04-11 Inhaltsangabe Introduction Every thing s got a moral if only you can find it Lewis Carroll 1865
In 2015 the first edition of Alice in Wonderland will have its 150th anniversary The novel as well as its sequel Through the Looking Glass and What Alice Found There have been read by people of all ages and all origins ever since Due to the widespread success of the literary work Lewis Carroll s novels have not only been illustrated by hundreds of artists but also frequently adapted for film theatre opera music and other forms of art Among these numerous adaptations are two motion pictures produced by the Walt Disney Company which is known for warm hearted movies for audiences of all ages The relationship between Alice in Wonderland and Walt Disney even dates back to 1923 when he founded the famous film studio due to a distribution contract for his first completed short film called Alice s Wonderland This thesis however focuses on the Disney adaptation from 1951 a 2 D cartoon animation as well as the most recent film adaptation from 2010 a combination of live action film and computer generated animation Thus the main part of this thesis constitutes a comparative analysis of both adaptations regarding the following aspects the evolution of the visualisations the different characters of the heroine Alice the influences of Walt Disney and Tim Burton on the story lines and the styles of the adaptations and the responses to both films Thereby the following research questions should be answered What are the specificities of Carroll s novels Why did it attract so many filmmakers Why did both adaptations employ the medium of animation Did the medium get implemented successfully How did Walt Disney and Tim Burton affect the story lines and the styles of the adaptations How did the heroine s character change under their influence How did the audiences react to the adaptations What are the reasons for that The first theoretical part hence starts with a description of the literary model which aims at defining the novels specificities respectively the essence Carroll tried to convey Chapter 2 outlines the most important issues of today s adaptation discourse since the theory of adaptation serves as the theoretical basis for the comparative analysis In chapter 3 an overview of the medium of animation will be given including the medium s possibilities and challenges as well as its techniques With Alice's Wonderland Catherine Nichols, 2014-11-18 Presents a history of Alice s adventures in Wonderland discussing works that were inspired by Lewis Carroll s classic tale **Animating the Victorians** Patrick C. Fleming, 2025-02-17 Many Disney films adapt works from the Victorian period which is often called the Golden Age of children s literature Animating the Victorians Disney s Literary History explores Disney s adaptations of Victorian texts like Alice in Wonderland Oliver Twist Treasure Island Peter Pan and the tales of Hans Christian Andersen Author Patrick C Fleming traces those adaptations from initial concept to theatrical release and beyond to the sequels consumer products and theme park attractions that make up a Disney franchise During the production process which often extended over decades Disney s writers engaged not just with the texts themselves but with the contexts in which they were written their authors

biographies and intervening adaptations To reveal that process Fleming draws on preproduction reports press releases and unfinished drafts including materials in the Walt Disney Company Archives some of which have not yet been discussed in print But the relationship between Disney and the Victorians goes beyond adaptations Walt Disney himself had a similar career to the Victorian author entrepreneur Charles Dickens Linking the Disney Princess franchise to Victorian ideologies shows how gender and sexuality are constantly being renegotiated Disney's animated musicals theme parks copyright practices and even marketing campaigns depend on cultural assumptions legal frameworks and media technologies that emerged in nineteenth century England Moreover Disney's adaptations influence modern students and scholars of the Victorian period By applying scholarship in Victorian studies to a global company Fleming shows how institutions mediate our understanding of the past and demonstrates the continued relevance of literary studies in a corporate media age

Aldous Huxley Harold Bloom, 2009 A collection of critical essays on Aldous Huxley and his work **Alice in Wonderland in Film and Popular Culture** Antonio Sanna, 2022-10-19 This book examines the many reincarnations of Carroll's texts illuminating how the meaning of the original books has been re negotiated through adaptations appropriations and transmediality The volume is an edited collection of eighteen essays and is divided into three sections that examine the re interpretations of Alice in Wonderland and Through the Looking Glass in literature film and other media including the branches of commerce music videos videogames and madness studies This collection is an addition to the existing work on Alice in Wonderland and its sequels adaptations and appropriations and helps readers to have a more comprehensive view of the extent to which the Alice story world is vast and always growing *Alice in Transmedia Wonderland* Anna Kérchy, 2016-08-16 Part of Alice's appeal is her ambiguity which makes possible a range of interpretations in adapting Lewis Carroll's classic Wonderland stories to various media Popular re imaginings of Alice and her topsy turvy world reveal many ways of eliciting enchantment and shaping make believe Late 20th century and 21st century adaptations interact with the source texts and with each other providing readers with an elaborate fictional universe This book fully explores today's multi media journey to Wonderland **Disney's Live-Action Movie Bombs, 1979-2019** Tyler Mattis, 2024-12-23 This book explores the history of Disney's biggest live action movie failures from the late 1970s to the late 2010s That stretch of time was a transformative period in which the company made many financial gains but gradually lost its identity which had largely been synonymous with founder Walt Disney The chapters explain why each movie was made the casting process production details and why each movie failed financially Covered here are cult classics like Tron and Hocus Pocus alongside more well known bombs like John Carter and The Lone Ranger *Empires of the Imagination* Alec Worley, 2021-01-05 The warlocks and ghosts of fantasy film haunt our popular culture but the genre has too long been ignored by critics This comprehensive critical survey of fantasy cinema demonstrates that the fantasy genre amounts to more than escapism Through a meticulously researched analysis of more than a century of fantasy pictures from the seminal work of Georges Méliès to Peter Jackson's

recent tours of Middle earth the work identifies narrative strategies and their recurring components and studies patterns of challenge and return setting and character First addressing the difficult task of defining the genre the work examines fantasy as a cultural force in both film and literature and explores its relation to science fiction horror and fairy tales Fantasy s development is traced from the first days of film with emphasis on how the evolving genre reflected such events as economic depression and war Also considered is fantasy s expression of politics as either the subject of satire or fuel for the fires of propaganda Discussion ventures into the subgenres from stories of invented lands inhabited by fantastic creatures to magical adventures set in the familiar world and addresses clashes between fantasy and faith such as the religious opposition to the Harry Potter phenomenon From the money making classics to little known arthouse films this richly illustrated work covers every aspect of fantasy film *Disney's World* Leonard Mosley,1990-10-01 Documents the stunning accomplishments of Disney s imaginative genius It is not a flattering portrait Library Journal [The Oxford Companion to the American Musical](#) Thomas S.
