Grameen Social Business Model Rashidul Bari, 2011-06-24 Muhammad Yunus is that rare phenomenon wrote Rashidul Bari. A Nobel Peace Prize winning economist famous for his two theories microcredit and social business and famous for his successful practical work through Grameen Bank that has already helped millions of poor women break the cycle of poverty. Rashidul Bari as a writer is not new to the subjects of Yunus microcredit and social business. As a fellow Bangladeshi he has written extensively in English and Bengali about Yunus in books, poems and songs in magazines and newspapers and in films. In fact Bari serves as the Bangladeshi James Boswell to Muhammad Yunus. Samuel Johnson. Bari's new book *Social Business: A Manifesto for Proletariat Revolution* is a long awaited fascinating, clearly and movingly written text in which he not only criticizes Prime Minister Hasina for unleashing her hate mongering to destroy Grameen Bank but he also explains how microcredit, social business and Grameen could be used as a weapon in the global battle against poverty which kills 22 000 people every day. The book is approximately 52 000 words in length with 3 photo albums. It is divided into 25 chapters. These chapters explain what Bari has witnessed and learned from Yunus and GB to emphasize the power and promise of SB. Part I Chapter one presents observable empirical and measurable evidence of poverty as the biggest challenge of the 21st century. Chapter 2 uses the narrative method to describe the history of poverty. Concern about poverty has a long tradition as according to the Bible the poor will always be with us. Rejecting this old notion Yunus plans to make poverty an artifact in a museum by 2030. Chapter 3 applies the rational choice theory to the concept of social business. Chapter 4 uses the monetary poverty threshold, a concept developed by the World Bank to measure extreme and moderate poverty and the Gini coefficient developed by Italian mathematician Corrado Gini to measure relative poverty. Chapter 5 with 13 subdivisions applies correlation studies to identify the causes of poverty and to illustrate how poverty creates conditions that result in 20 000 deaths every day. Chapter 6 presents the Grameen Social Business (GSB) model. Part II Chapters 7-12 discuss the life of Muhammad Yunus, the history of microcredit, the rise of the Grameen Bank and the utility of the GSB model. Chapter 13 deals with the criticism of the bank. Chapters 15-16 highlight women's empowerment and sustainability which refutes some of the criticisms in previous chapters. Part III Chapter 17 reviews the false allegations against Yunus e.g. Tom Heinemann's Caught

in Micro Debt and investigates why Hasina used Heinemann's documentary as an excuse to remove Yunus from Grameen Bank Chapter 18 focuses on the Bangladesh Bank's view of the founder of Grameen Bank Chapter 19 examines why the world is stunned by Hasina's malevolent hate campaign against Yunus and her attempts to take control of the Grameen Bank Chapter 20 details the Bangladesh High Court decision to uphold the Bangladesh Bank's illegal decision which illustrates how the High Court and the Supreme Court have become a dog sleeping at its owner's feet Chapter 21 uses the Court of King Solomon as an important lesson that shows that the prime minister of Bangladesh has become a monster Chapter 23 explains why an Indian immigration officer slapped Rehman Sobhan Chapter 24 uses the Trial of Galileo as an important lesson that illustrates the political vendetta by Hasina against Yunus could be understood as a modern day replay of the famous conflict between Pope Urban VIII and Galileo Galilei Chapter 25 documents how Yunus removal has sparked protests around the world It also announces a manifesto for a Grameen Revolution The chapter explains why the inscription on Karl Marx's tomb can be adapted to Yunus Grameen Bank Poor people especially the poor women of Bangladesh UNITE
