Gulliver in the Land of Giants Ms Anna Grzeskowiak-Krwawicz, 2013-07-28 J zef Boruwlaski was the most famous dwarf of the Enlightenment age Polish born he travelled extensively throughout Europe appearing and performing at royal courts and salons before settling in Durham in his later life until his death at the age of 97 He was described in Diderot's Encyclopédie and the press of his day both on the continent and in the UK sustained an interest in him and kept tabs on his life and experiences His memoirs published in a bilingual French and English version in 1788 show him to have been an intelligent and sharp observer of the world he inhabited The life story of this miniature gentleman is not only highly interesting in its own right but also offers a new perspective on the culture of the Enlightenment Through a meticulous survey of source materials in Poland France and the United Kingdom the author has managed to unearth and reconstruct many heretofore unknown details about Boruwlaski's life and adventures about his travels first on the continent and then in the United Kingdom It is not typical biography but rather an attempt at identifying certain social roles that were imposed upon Boruwlaski a plaything of the salons a source of entertainment for the masses an adventurer against his own wishes At the same time his story is that of a man who spent his whole life trying to escape from such roles imposed upon him Boruwlaski's memoirs are included in full containing many of the letters he sent to his wife with critical annotation The

author also investigates for the first time the sizeable differences between the many different versions of the memoirs published during his own lifetime This monograph offers not only an opportunity to rediscover the fascinating life story of an intriguing man but also gives a unique point of view on Europe s uppermost elite in the Enlightenment age as people who remained deeply fascinated with deformities and oddities despite their own self professed refined tastes *Chivalric Stories as Children's Literature* Velma Bourgeois Richmond,2014-09-24 Knights and ladies giants and dragons tournaments battles quests and crusades are commonplace in stories for children This book examines how late Victorians and Edwardians retold medieval narratives of chivalry epics romances sagas legends and ballads Stories of Beowulf Arthur Gawain St George Roland Robin Hood and many more thrilled and instructed children and encouraged adult reading Lavish volumes and schoolbooks of the era featured illustrated texts many by major artists Children s books an essential part of Edwardian publishing were disseminated throughout the English speaking world Many are being reprinted today This book examines related contexts of Medievalism expressed in painting architecture music and public celebrations and the works of major authors including Sir Walter Scott Tennyson Longfellow and William Morris The book explores national identity expressed through literature ideals of honor and valor in the years before World War I and how childhood reading influenced 20th century writers as diverse as C S Lewis J R R Tolkien Siegfried Sassoon David Jones Graham Greene Ian Fleming and John Le Carre
