The Limits of Liberty Sarah Conly, 2025 Liberty in itself has no value Whether liberty matters depends on what state of affairs the liberty in question produces or allows That is when liberty is valuable it is valuable only as a means to an end If a specific liberty no longer produces a net valuable end that has no value and there is no reason to preserve it If a person or people's having a liberty does too much harm that liberty needs to be curtailed and the loss of that liberty is not the loss of anything of value Provided by publisher *Television Program Master Index* Charles V. Dintrone, 2014-02-11 This work indexes books dissertations and journal articles that mention television shows Memoirs autobiographies biographies and some popular works meant for fans are also indexed The major focus is on service to researchers in the history of television Listings are keyed to an annotated bibliography Appendices include a list of websites an index of groups or classes of people on television and a list of programs by genre Changes from the second edition include more than 300 new shows airing on a wider variety of networks 2000 plus references more than double the second edition and a large increase in scholarly articles The book provides access to materials on almost 2300 shows including groundbreaking ones like *All in the Family* almost 200 entries cult favorites like *Buffy The Vampire Slayer* 200 plus entries and a classic franchise *Star Trek* more than 400 entries for all the shows The shows covered range from the late 1940s to 2010 *The Walking Dead* References range from 1956 to 2013

Talking Book Topics ,2012-11 Digital Talking Books Plus ,2012 Cruising Modernism Michael Trask,2018-05-31

Modern society Michael Trask argues in this incisive and original book chose to couch class difference in terms of illicit sexuality Trask demonstrates how sexual science s concept of erotic perversion mediated the writing of both literary figures and social theorists when it came to the innovative and unsettling social arrangements of the early twentieth century Trask focuses on the James brothers in a critique of pragmatism and anti immigrant sentiment shows the influence of behavioral psychology on Gertrude Stein s work uncovers a sustained reflection on casual labor in Hart Crane s lyric poetry and traces the identification of working class Catholics with deviant passions in Willa Cather s fiction Finally Trask examines how literary leftists borrowed the antiprostitution rhetoric of Progressive era reformers to protest the ascendancy of consumerism in the 1920s Viewing class as a restless and unstable category Trask contends American modernist writers appropriated sexology s concept of evasive unmoored desire to account for the seismic shift in social relations during the Progressive era and beyond Looking closely at the fraught ideological space between real and perceived class differences Cruising

Jackson II,Jamie E.

Moshin,2012-11-27 For years research concerning masculinities has explored the way that men have dominated exploited and dismantled societies asking how we might make sense of marginalized masculinities in the context of male privilege This volume asks not only how terms such as men and masculinity are socially defined and culturally instantiated but also how the media has constructed notions of masculinity that have kept minority masculinities on the margins Essays explore marginalized masculinities as communicated through film television and new media visiting representations and marginalized identity politics while also discussing the dangers and pitfalls of a media pedagogy that has taught audiences to ignore sidestep and stereotype marginalized group realities While dominant portrayals of masculine versus feminine characters pervade numerous television and film examples this collection examines heterosexual and queer military and

civilian as well as Black Japanese Indian White and Latino masculinities offering a variance in masculinities and confronting male privilege as represented on screen appealing to a range of disciplines and a wide scope of readers **Without Mercy** Eric Thomson,2018-10-04 What is the value of one life in an interstellar war that has already claimed millions And if that single life doesn't matter are any others worth saving A distress signal draws Siobhan Dunmoore's Q ship Iolanthe a battlecruiser disguised as a bulk freighter away from her devastatingly successful hunt through Shrehari occupied space and plunges Dunmoore into a dark merciless universe of competing government organizations undercover warfare and organized crime on a galactic scale Along the way she crosses paths with an old foe and an uncertain ally as she and her crew race against time and determined opposition to rescue innocent civilians condemned merely because they were in the wrong place at the wrong moment Powerful forces within the Commonwealth would call a handful of lives collateral damage in humanity's existential struggle against the Shrehari Empire But Dunmoore won't accept that they aren't worth saving even if it puts her at cross purposes with her new commanding officer and the Commonwealth's fearsome security bureau After all her oath to serve and defend has no limitations and no expiry date Keyword Tags Siobhan Dunmoore sci fi science fiction military science fiction war strong female character space opera science fiction action adventure alien invasion starfleet space fleet sci fi adventure military sci fi Eric Thomson science fiction series interstellar war galactic war space pirates mercenaries colonies political intrigue [The Cambridge History of Science Fiction](#) Gerry Canavan,Eric Carl Link,2019-01-03 The first science fiction course in the American academy was held in the early 1950s In the sixty years since science fiction has become a recognized and established literary genre with a significant and growing body of scholarship The Cambridge History of Science Fiction is a landmark volume as the first authoritative history of the genre Over forty contributors with diverse and complementary specialties present a history of science fiction across national and genre boundaries and trace its intellectual and creative roots in the philosophical and fantastic narratives of the ancient past Science fiction as a literary genre is the central focus of the volume but fundamental to its story is its non literary cultural manifestations and influence Coverage thus includes transmedia manifestations as an integral part of the genre's history including not only short stories and novels but also film art architecture music comics and interactive media **Mixed Signals** Rebecca Charbonneau,2024-10-11 In the shadow of the Cold War whispers from the cosmos fueled an unlikely alliance between the US and USSR The search for extraterrestrial intelligence or SETI emerged as a foundational field of radio astronomy characterized by an unusual level of international collaboration but SETI's use of signals intelligence technology also served military and governmental purposes In this captivating new history of the collaboration between American and Soviet radio astronomers as they sought to detect evidence of extraterrestrial civilizations historian Rebecca Charbonneau reveals the triumphs and challenges they faced amidst a hostile political atmosphere Shedding light on the untold stories from the Soviet side for the first time she expertly unravels the complex web of military and political interests entangling radio astronomy

and the search for alien intelligence offering a thought provoking perspective on the evolving relationship between science and power This is not just a story of radio waves and telescopes it s a revelation of how scientists on both sides of the Iron Curtain navigated the complexities of the Cold War blurring the lines between espionage and the quest for cosmic community Filled with tension contradiction and the enduring human desire for connection this is a history that transcends national boundaries and reaches out to the cosmic unknown ultimately asking how can we communicate with extraterrestrials when we struggle to communicate amongst ourselves [The Re-Enchantment of the West, Vol 2](#) Christopher

Partridge,2006-04-20 The Re Enchantment of the West challenges those theories that predict widespread secularization beyond traditional institutional religiosity Spiritualities are emerging that are not only quite different from the those forms of religion that are in decline but are often defined over against them and articulated and passed on in ways quite different from those of traditional religion In particular it is argued that such contemporary Western spirituality is fed by a constantly replenished reservoir of ideas practices and methodologies which is here termed occulture Moreover such occultural ideas both feed into and are resourced by popular culture Indeed popular occulture is a key feature of the re enchantment of the West Demonstrating the significance and ubiquity of these ideas this book examines for example healthcare and nursing contemporary environmentalism psychedelia and drug use the Internet and cyberspirituality belief in UFOs and extraterrestrial life demonology and the contemporary fascination with the figure of Satan the heavy metal subculture popular apocalypticism and millennial violence *Globalisation, Values Education and Teaching Democracy* Joseph

Zajda,Pamela Hallam,John Whitehouse,2023-01-18 This book critiques dominant discourses and debates pertaining to values education cultural identity and teaching democracy set against the backdrop of growing social stratification and unequal access to quality education It addresses discourses concerning globalisation ideologies and the state as well as approaches to values education and teaching democracy in schools The book explores the ambivalent and problematic connections between the state globalisation values education and teaching democracy It also explores conceptual frameworks and methodological approaches applicable to research on values education multiculturalism and identity politics Drawing on diverse paradigms ranging from critical theory to globalisation and by focusing on globalisation ideology and values education the book critically examines research dealing with cultural diversity and its impact of identity politics Given the need for a multiple perspective approach the authors have diverse backgrounds and hail from different countries and regions offer a wealth of insights contributing to a more holistic understanding of the nexus between values education multiculturalism and national identity With contributions from key scholars worldwide the book should be required reading for a broad spectrum of users including policy makers academics graduate students education policy researchers administrators and practitioners
