Case Management Services

Medical Team Conferences

Medical team conferences include face-to-face participation by a minimum of three qualified health care professionals from different specialties or disciplines (each of whom provides direct care to the patient), with or without the presence of the patient, family member(s), community agencies, surrogate decision maker(s) (eg, legal guardian), and/or caregiver(s). The participants are actively involved in the development, revision, coordination, and implementation of health care services needed by the patient. Reporting participants shall have performed face-to-face evaluations or treatments of the patient, independent of any team conference, within the previous 60 days.

Physicians or other qualified health care professionals who may report evaluation and management services should report their time spent in a team conference with the patient and/or family present using evaluation and management (E/M) codes (and time as the key controlling factor for code selection when counseling and/or coordination of care dominates the service). These introductory guidelines do not apply to services reported using E/M codes (per E/M service guidelines). However, the individual must be directly involved with the patient, providing face-to-face services outside of the conference visit with other physicians, and qualified health care professionals, or agencies.

The team conference starts at the beginning of the review of an individual patient and ends at the conclusion of the review. Time related to record keeping and report generation is not reported. The reporting participant shall be present for all time reported. The time reported is not limited to the time that the participant is communicating to the other team members or patient and/or family. Time reported for medical team conferences may not be used in the determination of time for other services such as care plan overnight (99174-99180), home, domiciliary, or rest home care plan overnight (99129-99140), prolonged services (99254-99259), psychotherapy, or any E/M service. For team conferences where the patient is present for any part of the duration of the conference, nonphysician qualified health care professionals (eg, speech-language pathologists, physical therapists, occupational therapists, social workers, dietitians) report the team conference face-to-face code 99366.

- 99366 Team conference face-to-face nonphysician
- 99367 Team conference non-face-to-face physician
- 99368 Team conference non-face-to-face nonphysician
