Technology and Second Language Teaching and Learning Carol A. Chapelle, Shannon Sauro, 2017-09-05 The Handbook of Technology and Second Language Teaching and Learning presents a comprehensive exploration of the impact of technology on the field of second language learning The rapidly evolving language technology interface has propelled dramatic changes in and increased opportunities for second language teaching and learning Its influence has been felt no less keenly in the approaches and methods of assessing learners language and researching language teaching and learning Contributions from a team of international scholars make up the Handbook consisting of four parts language teaching and learning through technology the technology pedagogy interface technology for L2 assessment and research and development

of technology for language learning It considers how technology assists in all areas of language development the emergence of pedagogy at the intersection of language and technology technology in language assessment and major research issues in research and development of technologies for language learning It covers all aspects of language including grammar vocabulary reading writing listening speaking pragmatics and intercultural learning as well as new pedagogical and assessment approaches and new ways of conceiving and conducting research and development The Handbook of Technology and Second Language Teaching and Learning demonstrates the extensive multifaceted implications of technology for language teachers learners materials developers and researchers Educational Leadership Preparation and Development David Gurr,Peng Liu,2025-08-04 This collection addresses key issues in the preparation and development of school leaders across eight countries and four world areas North America United Kingdom Europe and Australasia The work offers evidence based insights into the current and future leadership preparation and development needed for school success The future focus extends across the coming two or more decades and challenges the reader to consider how schools will likely develop and the leadership we will need in these schools The book comes at a time when many schools are faced with significant challenges including enduring impacts from the pandemic teacher shortages and the incorporation of new technologies such as generative AI Leadership in schools has never been more important and it is timely to consider the leadership preparation and development we need now and into the future There are chapters that address leadership from pre service and early career teachers through to principals providing a whole of career focus The authors are part of the International Leadership Development Network and use their extensive research to consider the important areas of teacher and middle leaders leadership for equity inclusion and social justice and school community and university partnerships It is a book that will prove useful to teachers and school leaders system leaders university faculty and graduate researchers *Cultural Linguistics and ELT Curriculum* Minoo Alemi,Zia Tajeddin,2025-10-10 This book accumulates analyses and evaluation evidence about the cultural conceptualizations in English language teaching ELT textbooks framed by cultural linguistics It considers conceptualizations of cultural constructs such as family gender beauty and the home within ELT curricula Despite the strength of cultural linguistics as a theoretical and analytical movement few volumes in applied linguistics have sought to provide data based evidence about the application of cultural linguistics to language teaching curricula The volume addresses recent issues in cultural linguistics and presents the associated implications for curriculum planning materials development and textbook evaluation The aim of the volume is to enhance understanding of ELT curricula through a cultural linguistics lens Relevant to cultural theorists education experts working in ELT and linguists in all language areas this is a landmark volume marrying applied linguistics to cultural linguists in English language education studies **British Literature and Technology, 1600-1830** Kristin M. Girten,Aaron R. Hanlon,2023-01-13 Enlightenment era writers had not yet come to take technology for granted but nonetheless were as we are today both attracted to and repelled by its potential

This volume registers the deep history of such ambivalence examining technology's influence on Enlightenment British literature as well as the impact of literature on conceptions of attitudes toward and implementations of technology. Offering a counterbalance to the abundance of studies on literature and science in seventeenth and eighteenth century Britain, this volume's focus encompasses approaches to literary history that help us understand technologies like the steam engine and the telegraph along with representations of technology in literature such as the political machine. Contributors ultimately show how literature across genres provided important sites for Enlightenment readers to recognize themselves as chimeras, hybrids of machine and organism and to explore the modern self as a creature of social reality as well as a creature of fiction.

Handbook of Multilingual TESOL in Practice Kashif Raza, Dudley Reynolds, Christine Coombe, 2023-03-21 This book presents exemplars of multilingualism in TESOL worldwide. It incorporates essential topics such as curriculum development, classroom instruction, materials creation, assessment, and teacher training where TESOL and multilingualism co-exist and co-develop. The wide-ranging and international collection of chapters is written by leading researchers in multilingualism and TESOL from around the world. This handbook provides unique insights into a range of practical approaches to promote local indigenous and national languages in English language classrooms across a range of instructional programs in various geographical contexts. The book is divided into six sections. Part 1 presents curricular and principle-based approaches to multilingual TESOL in ESL/EFL classes. Part 2 includes chapters that showcase how diverse teachers bring multilingual TESOL to their classrooms. Part 3 discusses the challenges of teaching multilingual TESOL and how educators address them in their contexts. Part 4 provides activities and materials to support local languages in TESOL classrooms. Part 5 addresses assessment issues in multilingual TESOL. Part 6 includes initiatives and examples to prepare TESOL teachers to promote multilingualism in ESL/EFL classrooms.

Theory and Practice in Second Language Teacher Identity Karim Sadeghi, Farah Ghaderi, 2022-09-16 This book brings together the current theory, research, and practical perspectives from different parts of the world on language teacher identity in an attempt to better understand the nature of identities teachers in different contexts develop. By linking theory to pedagogy, the book examines how second language teacher identities are shaped and explores the various links between teacher identities and variables that affect the formation of identities. *Theory and Practice in Second Language Teacher Identity* includes a foreword by Jack Richards, University of Sydney and RELC, an afterword by Peter de Costa, Michigan State University, and holds 20 invited chapters by established and active scholars and teacher educators to discuss the various aspects of in-service and pre-service second language teacher identity development. It also addresses the way the COVID-19 pandemic has impacted teacher identities and examines under-researched issues such as the intersection between gender and race in second language teacher identity development and identity construction in second languages other than English. What does it mean to be a teacher of English as a second language in an age of globalization, new media, technological revolution, and de-institutionalized knowledge? How do teachers gain pre-service and in-

service expertise a sense of professional identity and educational integrity And how have they dealt with the extra burden imposed by the pandemic This thought provoking volume offers valuable perspectives on these important issues in the professional development of English teachers worldwide Prof Claire Kramsch University of California Berkeley USA The way we see ourselves and are seen by others influences our social and professional interactions Teacher identity and sense of agency is therefore not merely a matter of research interest for it impacts learners and learning which makes the topic of this book extremely important With chapters located in a wide range of countries from USA to Australia via UAE Thailand and others and drawing on a variety of research methods the book synthesizes extant research and develops many new research avenues It does so not only with theory in mind but with practical lessons for teachers and teacher educators and thus becomes an essential volume for our libraries and studies Prof Michael Byram University of Durham UK In this compelling collection co edited by Karim Sadeghi and Farah Ghaderi the authors address key questions about language teacher identity in contemporary applied linguistics What is the relationship between language teacher identity and language teacher agency To what extent does ideology impact language teacher identity How do language teachers navigate an increasingly globalized and unequal world Authors from different regions of the world draw on diverse methodologies to share insightful research on both pre service and in service language teacher identity making an important contribution to applied linguistics and TESOL at a time of great social and educational change Prof Bonny Norton FRSC University Killam Professor and Distinguished University Scholar University of British Columbia Canada Theory and Practice in Second Language Teacher Identity captures recent thinking about language teacher identity The broad array of excellent chapter contributions explores multiple dimensions of identity from teacher agency and emotions to the disruptive effects of the Covid pandemic on teachers professional lives and practices The studies draw on a number of theoretical perspectives and demonstrate the use of both familiar and innovative research methodologies The relevant topics the up to date bibliographic sources and the useful research findings make this edited volume an essential addition to your bookshelf Prof Gary Barkhuizen University of Auckland New Zealand

The Idea and Practice of Reading R. Joseph Ponniah, Sathyaraj Venkatesan, 2018-05-08 This book addresses basic issues in language education and explores how reading with a focus on meaning contributes to the development of all aspects of language including vocabulary spelling grammar and syntax It departs from traditional methods and practices in language learning to investigate the potency of reading in improving language acquisition The traditional practice in language classes to teach language skills explicitly through acquiring forms and structures of language is often less than successful and teachers are gradually incorporating reading materials and practices into the curriculum This book provides important inputs to language teachers and educators on the need to include reading as an idea and as a practice into the curriculum Among other things it explores the benefits of incidental learning of language properties such as vocabulary syntax and grammar and gives adequate exposure to different types of reading strategies to promote reading among learners It also exploits the

possible transfer of L1 reading strategies and capabilities to L2 reading for language acquisition In so doing this book hopes to promote autonomous learning among L2 learners and guide readers in alternative strategies to solve comprehension problems
