2015 Guide To Social Security:

Monthly Catalog of United States Government Publications, 1972 *Informing Social Security's Process for Financial Capability Determination* National Academies of Sciences, Engineering, and Medicine, Institute of Medicine, Board on the Health of Select Populations, Committee to Evaluate the Social Security Administration's Capability Determination Process for Adult Beneficiaries, 2016-06-20 The U S Social Security Administration SSA provides benefits to disabled adults and children offering vital financial support to more than 19 million disabled Americans Of that group approximately 5.5 million have been deemed by virtue of youth or mental or physical impairment incapable of managing or directing the management of their benefits Hence a representative payee has been appointed to receive and disburse SSA payments for these beneficiaries to ensure that their basic needs for shelter food and clothing are met Periodically however concerns have been expressed about the accuracy of the process by which SSA determines whether beneficiaries are capable of managing their benefits with some evidence suggesting that underdetection of incapable recipients may be a particular problem The importance of creating as accurate a process as possible for incapability determinations is underscored by the consequences of incorrectly identifying recipients either as incapable when they can manage their benefits or as capable when they cannot Failure to identify beneficiaries who are incapable of managing their funds means abandoning a vulnerable population to potential homelessness hunger and disease *Informing Social Security's Process for Financial Capability Determination* considers capability determination processes used by other similar benefit programs abilities required to manage and direct the management of benefits and effective methods and measures for assessing capability This report evaluates SSA's capability determination process for adult beneficiaries and provides recommendations for improving the accuracy and efficiency of the agency's policy and procedures for making these determinations [Mental Health and Work: Australia](#) OECD, 2015-12-07 This report on Australia is the ninth and last in a series of reports looking at how the broader education health social and labour market policy challenges identified in *Sick on the Job* Myths and Realities about Mental Health and Work OECD 2012 are being tackled in a number of OECD countries **Qualitative research on decent rural employment and social protection** Food and Agriculture Organization of the United Nations, 2018-10-24 Covering Malawi's social cash transfer programme *Lifting up families* this publication concludes that although the programme enables beneficiaries to engage in different income generating activities it has no impact on youth employment opportunities [Better Than Welfare?](#) Kirrily Jordan, 2016-08-30 The end of the very long standing Community Development Employment Projects CDEP scheme in 2015 marked a critical juncture in Australian Indigenous policy history For more than 30 years CDEP had been among the biggest and most influential programs in the Indigenous affairs portfolio employing many thousands of Aboriginal and Torres Strait Islander people More recently it had also become a focus of intense political contestation that culminated in its ultimate demise This book examines the consequences of its closure for Indigenous people

communities and organisations The end of CDEP is first situated in its broader historical and political context the debates over notions of self determination versus mainstreaming and the enduring influence of concerns about passive welfare and mutual obligation In this way the focus on CDEP highlights more general trends in Indigenous policymaking and questions whether the dominant government approach is on the right track Each chapter takes a different disciplinary approach to this question variously focusing on the consequences of change for community and economic development individual work habits and employment outcomes and institutional capacity within the Indigenous sector Across the case studies examined the chapters suggest that the end of CDEP has heralded the emergence of a greater reliance on welfare rather than the increased employment outcomes the government had anticipated Concluding that CDEP was better than welfare in many ways the book offers encouragement to policymakers to ensure that future reforms generate livelihood options for Aboriginal and Torres Strait Islander Australians that are in turn better than CDEP Social Protection, Pastoralism and Resilience in

Ethiopia Zeremariam Fre, Bereket Tsegay, Araya M. Teka, Nicole Kenton, John Livingstone, 2022-08-17 This book investigates the role of social protection amongst African pastoral and agro pastoral communities with a particular focus on Ethiopia Based on rigorous empirical research this book assesses the successes failures prospects and lessons learned from Africa s largest social security intervention Ethiopia s Productive Safety Net Programme It goes beyond an analysis of immediate impacts exploring factors such as highland lowland interactions rural urban linkages economic diversification the role of youth indigenous safety nets and social capital Special attention is given to gender responsive social protection measures and to the circumstances brought about by the COVID 19 pandemic Overall the book demonstrates the value of indigenous knowledge systems and local institutions in contributing to the design of more effective safety net programmes and disaster responses and in helping people to build resilience and cope with shocks At a time when social protection is gaining prominence in contemporary development discourse this book will be of interest to development practitioners **A Body**

Living and Not Measurable: How Bodies are Constructed, Scripted and Performed Through Time and Space Kathleen Glenister Robers, Ya-hui Irenna Chang, Łukasz Matuszyk, 2019-07-22 This volume was first published by Inter Disciplinary Press in 2016 This volume crashes through many boundaries between academic disciplines between nations and cultures and finally between the concepts time space and body With contributors from architecture literary studies education cultural studies and other fields chapters take a special interest in the body as it is constructed scripted and performed through time and space Arranged into sections for ease of use in the advanced university course chapters explore significant questions for the 21st century What is time What is the relationship between space and existence Who controls our bodies Is there hope for the future given hegemonic controls on the body From liberature to freak shows from crime fiction to choreography and art installations to disability the lived body is explored in all its human puzzlement *Navigating Health Insurance* Pozen, Jim P. Stimpson, 2017-02-24 Navigating Health Insurance examines health insurance from the perspective of

the consumer Students are introduced to basic health insurance principles and terminology as well as types of insurance such as Medicaid Medicare Medigap Exchanges and others The impacts of the ACA on health insurance are explored as well as essential services and coverage decisions long term care workers compensation administration paper work filing claims and more Students will also be challenged to consider market and social justice philosophies for example the impact on health insurance and access to health care services international comparisons and advantages and disadvantages of the U S system

Policing Welfare Fraud Scarlet Wilcock,2023-12-11 Policing Welfare Fraud charts and interrogates the suite of measures ostensibly designed to combat welfare fraud and non compliance In Australia which serves as the empirical focus of this book these strategies include stringent ID checks pre emptive data surveillance technologies including the infamous and illegal robodebt programme a dedicated fraud hotline and an intelligence led fraud investigation framework Drawing on original documentary and interview data including interviews with fraud investigators this book unpacks the logics that underpin these anti fraud initiatives with a focus on how these initiatives are imbued with logics and practices more readily associated with the criminal justice system The central argument of the book is that the emergence of contemporary welfare compliance regimes represents a form of governing through fraud in which the threat of welfare fraud has effectively necessitated a regime of criminalisation within the welfare state This has been enabled by a broader process of neoliberal welfare reform which has cast suspicion over all welfare use The overall effect of this regime is to restrict access to social security punish welfare recipients and stigmatise welfare use Policing Welfare Fraud also highlights points of contradiction and multiplicity in the enactment of specific welfare compliance initiatives including attempts by welfare officials to moderate or reformulate these strategies on the ground These findings demonstrate that the criminalisation of welfare is neither uniform nor inexorable and that more progressive welfare reform is possible An accessible and compelling read this book will appeal to students and scholars of criminology sociology politics and those interested in the policing of welfare recipients
