International Conflict Feminism Vasuki Nesiah, 2024-10-08 Analyzes the impact of International Conflict Feminism's alliance with powerful global institutions In this book Vasuki Nesiah tells the story of the astonishing uptake of International Conflict Feminism ICF in the most powerful institutions of global governance ICF refers to a repertoire of policy agendas and legal strategies allied with those institutions to focus on women's vulnerabilities fight impunity for sexual violence and promote women's roles in peace building processes ICF emerged from feminist networks anchored in the Global North that gained momentum in the aftermath of the Cold War Although this volume offers a testament to ICF's remarkable success it also analyzes how this success was intertwined with the defeat of alternative visions and agendas including a range of dissident and heterodox feminisms that were eclipsed as ICF gained traction Emerging from Nesiah's dual occupations in academia and international law and policy practice International Conflict Feminism shows how centrally the ICF agenda has shaped fields such as peace building international criminal law transitional justice and post

conflict economic policy Each section pauses at different sites in the international governance architecture to analyze the distributive impact of ICF and its allied global policy agendas to examine what is privileged legitimized and empowered and what is subordinated marginalized and further excluded ICF is a project of ideas and passions legal proposals and policy orientations Today when the most powerful countries of the world are describing their military economic and political interventions as a feminist foreign policy the task of understanding and assessing the ICF project is especially urgent Nesiah argues that rather than obfuscating and denying the power of the ICF agenda grappling with ICF s power is essential to achieving solidarity with feminisms that don t have a seat at the table in particular those dissident feminist traditions with priorities and interests that challenge the dominant world order and its injustices and hierarchies Candles and Mirrors
