written The scope of Asimov s Foundation the attention to detail and context of Tolkien s LotR coupled with an unmatched visionary socio ecological messianic narrative that is scarily relevant today Goodreads reviewer Frank Herbert s immortal space opera that created many of the tropes we take for granted inside them is a book that doesn t need my endorsement the nobility is some of the most decadent and depraved in fiction It s a fantastic book amazing story Goodreads reviewer The blend of science aversion exploitation of the naive by systematic manipulation of religion and witchcraft and the harsh realities of life in a barren and mineral depleted desert is astounding I love these books Goodreads reviewer Herbert succeeds at juxtaposing so many different elements ecology religion consciousness feudalism space travel gawsh I could go on It is a mainly character driven plot with the three books in this trilogy focusing on the Atreides family on Dune I think everyone should delve into this world let themselves be absorbed by it It makes you question your reality your choices your relationships and the impact you have on the world or the impact the world has on you Goodreads reviewer Dune perhaps epitomises science fiction The willingness to embrace big ideas and show them playing out on a broad canvas You have to read it to believe it Goodreads reviewer **Dune** Frank Herbert,2010-12-30 What The Lord of the Rings is to fantasy Dune is to science fiction Presenting one of the most influential works of all time which has inspired countless other stories for more than half a century this is an awe inspiring world and a story of truly epic scope An astonishing science fiction phenomenon WASHINGTON POST I know nothing comparable to it except The Lord of the Rings Arthur C Clarke It is possible that Dune is even more relevant now than when it was first published NEW YORKER Paul Atreides son of Duke Leto Atreides and all of his family have been sent to the planet Arrakis having been outmanoeuvred by their arch enemy Baron Harkonnen Arrakis also known as Dune is an arid place but a planet of fabulous wealth the only source of a drug prized throughout the Galactic Empire Spice What will happen next will change everything There are secrets on Dune known only to the planet s native people the Fremen They have been waiting for their moment to make their move Paul will be brought into the path by terrible events beyond his control But Paul himself is important He is the child of destiny a child of prophecy and within him is the power to bring the Empire to its knees Joint winner of the HUGO AWARD for best novel 1966 Winner of the NEBULA AWARD for best novel 1965 Read the book which inspired the Academy Award winning and jaw dropping cinematic events Dune Part One 2021 and Dune Part Two 2024 A science fiction spectacular like no other this is a deeply climate conscious novel and a compelling family saga for the ages *The Complete Idiot's Guide to Protecting Your Child Online* Preston Gralla,Sherry Kinkoph,2000 This guide equips adults with the knowledge to understand prevent and solve issues regarding online safety and security when it comes to their children and family yet allowing them to enjoy benefits the Internet offers Topics include parental controls filtering software kid friendly web sites and privacy issues **The Cultivator & Country Gentleman** ,1894 *Analog Science Fact/science Fiction* John Wood Campbell (Jr.),1965 **Analog Science Fact, Science Fiction** ,1964 Ecology and Environmental Governance Mr. Rohit
