Historical and Biblical Israel Reinhard G. Kratz, 2015-12-17 At the center of this book lies a fundamental yet unanswered question under which historical and sociological conditions and in what manner the Hebrew Bible became an authoritative tradition that is holy scripture and the canon of Judaism as well as Christianity. Reinhard G. Kratz answers this very question by distinguishing between historical and biblical Israel. This foundational and for the arrangement of the book crucial distinction affirms that the Israel of biblical tradition i.e. the sacred history *historia sacra* of the Hebrew Bible cannot simply be equated with the history of Israel and Judah. Thus Kratz provides a synthesis of both the Israelite and Judahite history and the genesis and development of biblical tradition in two separate chapters though each area depends directly and inevitably upon the other. These two distinct perspectives on Israel are then confronted and correlated in a third chapter which constitutes an area intimately connected with the former but generally overlooked apart from specialized inquiries those places and archives that either yielded Jewish documents and manuscripts Elephantine Al Yahudu Qumran or are associated conspicuously with the tradition of the Hebrew Bible Mount Gerizim Jerusalem Alexandria. Here the various epigraphic and literary evidence for the history of Israel and Judah comes to the fore. Such evidence sometimes represents Israel's history at other times it reflects its traditions at still others it reflects both simultaneously. The

different sources point to different types of Judean or Jewish identity in Persian and Hellenistic times **Woman in the Ancient Hebrew Cult** Ismar J. Peritz,1898 *The Epistle of Paul the Apostle to the Hebrews* Frederic William Farrar,1883

[Catalogue of the Library of the Peabody Institute of the City of Baltimore ...](#) George Peabody Library,1887 **The Return to Scripture in Judaism and Christianity** Peter Ochs,2008-05-22 The scholars who have contributed to this volume of essays are Jewish and Christian thinkers who without melding their different religious traditions and scholarly methods have developed complementary responses to what they believe is wrong with contemporary biblical scholarship in Judaism and Christianity The purpose of this collection is to draw attention to the similarities among these responses and to

the possibility that they may contribute to a family of postcritical methods for interpreting the scriptural traditions The postcritical scholars employ current methods of critical scientific inquiry to clarify the language the historical contexts and the didactic messages of the biblical traditions They do not however find these methods sufficient They argue that the biblical traditions communicate to their practitioners some rules of action that cannot be deciphered within the terms set by canons of critical reason that emerged in the European Renaissance and Enlightenment Rather among the Bible s unique rules of action are the principles for interpreting the traditions themselves Postcritical scholars attempt to identify these rules of interpretation producing what editor Peter Ochs has come to term postcritical Scriptural interpretation It is neither strictly modern nor premodern This form of inquiry emerges in the dialogue that is now unfolding between a contemporary family of scholars and their scriptural traditions *Catalogue of the Library of the Peabody Institute of the City of Baltimore* N.
