Roberts, 2025-03-01 You've finished your book but how do you get readers A smart launch makes all the difference A great book isn't enough you need a launch strategy that gets eyes on your book and sales rolling in Whether you're a first time author or a seasoned pro launching your book the right way can boost visibility drive sales and build lasting success This step by step guide takes the guesswork out of launching a book helping you plan execute and optimize your release for maximum impact You'll discover Proven marketing strategies to make your book stand out How to build an ARC team that gets you real reader reviews The secret to using keywords and categories for visibility Strategies for leveraging ads social media and email lists How to create sustainable long term sales beyond launch day and much more You'll love this essential guide for authors because it's a book launch strategy that works Get it now

Strength Zone Training Nick Tumminello, 2022-04-25 Don't waste your time doing workouts that leave large gaps in your strength or load you up with unnecessary redundant exercises Take a strategic approach to your workouts by using a proven system that trains strength through each joint's true full range of motion Even if you lift you may still be missing something in your quest to get stronger Optimal training does not involve training all the muscles instead it trains all the ranges or zones of each muscle Many popular exercises work the same muscles the exact same way Performing redundant

exercises is a waste of your time In Strength Zone Training renowned personal trainer Nick Tumminello who has become known as the trainer of trainers shows you the following How to build strength through the true full range of motion The redundant exercises you just don't need to do The exercises to maximize upper body and lower body strength that are missing from your workout The angles most people don't do exercises for but should The best exercises to include in your program to train each muscle group A better strategy to follow when choosing your exercises Beginner and advanced workout plans for any schedule You'll find exercises addressing every area of the body with details on how to perform the exercise as well as coaching tips Select exercises are depicted with a stunning hybrid of photo and anatomical art highlighting the movements or zones that provide a training stimulus You will learn how to combine exercises within a workout in a smarter and more strategic way to collectively train through a full range of motion resulting in not just an improvement in physique but also an improvement in performance and a reduction in injury risk In addition to the exercises you'll find four chapters of easy to follow workout plans you can immediately use at the gym You can select a fully comprehensive workout plan that is right for you regardless of your training level or weekly schedule Strength Zone Training is the blueprint for building muscle with a purpose making it simple to create workout programs that eliminate exercise redundancy and use full range of motion so you can build a body that is all around stronger and more durable Choose your exercises and get ready to dominate Earn continuing education credits units A continuing education exam that uses this book is also available It may be purchased separately or as part of a package that includes both the book and exam

The FastDiet - Revised & Updated Dr Michael Mosley, Mimi Spencer, 2015-01-06 This new diet allows users to eat whatever they like five days a week and then fast consuming 500 600 calories day for two nonconsecutive days and lose weight quickly and easily
