

1999 SLH, SLTH, SLX, SLTX, PRO 785 PERSONAL WATERCRAFT SERVICE MANUAL

Foreword

This manual is designed primarily for use by Polaris personal watercraft service technicians in a properly equipped shop. Persons using this manual should have a sound knowledge of mechanical theory, tool use, and shop procedures in order to perform the work safely and correctly. The technician should read the text and be familiar with service procedures before starting the work. Certain procedures require the use of special tools. Use only the proper tools, as specified. Cleanliness of parts and tools as well as the work area is of primary importance.

This manual includes procedures for disassembly and reassembly, inspection, maintenance, component identification and unit repair, along with service specifications for 1999 SLH, SLTH, SLX, SLTX, and Pro 785 Polaris personal watercraft. A table of contents is placed at the beginning of each chapter to aid the user in locating specific areas of information. The alphabetic index at the end of the manual will help the user find specific information quickly.

Care is taken to ensure that all information in this manual was technically correct at the time of publication. However, all materials and specifications are subject to change without notice.

Comments or suggestions about this manual may be directed to: Engineering Services, Technical Writer, Polaris Sales Inc., 1225 Hwy 169 N, Minneapolis, MN 55441-5078.
