- Before the Norman conquest expanded their reach in the English Islands, the central religious system in place for several years during this period was called Paganism. The Celts and Anglo-Saxons that lived in the land before the Norman invasion were the first people to practice paganism.
- The religious practices of paganism before the 5th Century were not systematic, but rather in nature is that the Celts were polytheistic, and that the Normans brought writing and literature with them alongside Christianity.
- An aspect that existed before Christian influence is known as culture was that it was believed in the Horns Code. The Horns Code had different attributes to it, such as:
