Learning to Be You David D. Swanson, 2012-09-01 We all want the confidence that comes from living out of our true identity but how do we get there We don't magically discover our true selves when we reach our twenties And some of us spend our entire lives feeling like we are living a lie We can be torn apart by our duplicity or we can become so comfortable with putting on various personas to suit our situation that we don't even realize we're doing it But if we are followers and disciples of Christ our identity is already decided What we need to learn is how to understand and embrace it In this honest and penetrating book David D Swanson calls readers to take off their masks discover the true source of their identities and enjoy the peace and satisfaction that comes from being authentic and transparent to ourselves our God and the people who surround us He gently leads readers from their hiding places to a life of conviction and courage

Patrick Vinton Kirch, 2019-03-05 Tracing the origins of the Hawaiians and other Polynesians back to the shores of the South China Sea archaeologist Patrick Vinton Kirch follows their voyages of discovery across the Pacific in this fascinating history of Hawaiian culture from about one thousand years ago Combining more than four decades of his own research with Native Hawaiian oral traditions and the evidence of archaeology Kirch puts a human face on the gradual rise to power of the Hawaiian god kings who by the late eighteenth century were locked in a series of wars for ultimate control of the entire archipelago This lively accessible chronicle works back from Captain James Cook's encounter with the pristine kingdom in 1778 when the British explorers encountered an island civilization governed by rulers who could not be gazed upon by common people Interweaving anecdotes from his own widespread travel and extensive archaeological investigations into the broader historical narrative Kirch shows how the early Polynesian settlers of Hawai'i adapted to this new island landscape and created highly productive agricultural systems

Religion Hent de Vries, 2008 What do we talk about when we talk about religion Is it an array of empirical facts about historical human civilizations Or is religion what is in essence unpredictable perhaps the very emergence of the new In what ways are the legacies of religion its powers words things and gestures reconfiguring themselves as the elementary forms of life in the twenty first century Given the Latin roots of the word religion and its historical Christian uses what sense if any does it make to talk about religion in other traditions Where might we look for common elements that would enable us to do so Has religion as an overarching concept lost all its currency or does it ineluctably return sometimes in unexpected ways the moment we attempt to do without it This book explores the difficulties and double binds that arise when we ask What is religion Offering a marvelously rich and diverse array of perspectives it begins the task of rethinking religion and religious studies in a contemporary world Opening essays on the question What is religion are followed by clusters exploring the relationships among religion theology and philosophy and the links between religion politics and law Pedagogy is the focus of the following section Religion is then examined in particular contexts from classical times to the present Pentecostal revival leading into an especially rich set of essays on religion materiality and mediatization The final section grapples with the ever changing forms that religion is taking such as spirituality movements and responses to the ecological crisis Featuring the work of leading scholars from a wide array of disciplines traditions and cultures Religion Beyond a Concept will help set the agenda for religious studies for years to come It is the first of five volumes in a collection entitled The Future of the Religious Past the fruit of a major international research initiative funded by the Netherlands Organization for Scientific Research
