 economies Offshore outsourcing online outsourcing and crowdsourcing are heavily reliant on the Internet to provide
 economical access to remote workers and frequently leverage technology to manage workflow to and from the employer
 Much computer freelance work is being outsourced to developing countries outside the United States and Europe Freelance
 marketplaces provide a marketplace for freelancers and buyers Service providers or sellers create a profile where they
 include a description of the services they offer examples of their work and in some cases information about their rates Buyers
 register and complete a basic profile and then post projects outlining their requirements Buyers will then bid for these
 projects on a fixed price or hourly basis 29 Many of these websites have user review sections that affect the reputation of
 freelancers who list there and which may be manipulated Freelance marketplaces have globalized competition for some jobs
 allowing workers in high and low income countries to compete with one another According to a 2016 study by the McKinsey
 Global Institute 15% of independent workers used online marketplaces to find work These marketplaces including Fiverr and
