Kristiansen,Anders Fernö,Michail A. Pavlidis,Hans van de Vis,2020-07-01 This book investigates how fish experience their lives their amazing senses and abilities and how human actions impact their quality of life The authors examine the concept of fish welfare and the scientific knowledge behind the inclusion of fish within the moral circle and how this knowledge can change the way we treat fish in the future In many countries fish are already protected by animal welfare legislation in the same way as mammals but in practice there is still a major gap between how we ethically view these groups and how we actually treat them The poor treatment of fish represents a massive animal welfare problem in aquaculture and fisheries both in terms of the number of animals affected and the severity of the welfare issues Thanks to its interdisciplinary scope this thought provoking book appeals to professionals academics and students in the fields of animal welfare cognition and physiology as well as fisheries and aquaculture management *Biology* John Moore,2004-08 Teacher Manual for Biology A Search for Order in Complexity **The War Against Nonhuman Animals** Stacy Banwell,2023-05-09 We are currently engaged in an existential species war against nonhuman animals This book argues that during this war nonhuman animals should be granted legal personhood and treated as protected persons rather than the property of protected persons The main argument is that War Crimes and Crimes against Humanity rape forced pregnancy and other acts of sexual violence are being

committed within the meat egg and dairy industries Avoiding dreaded comparisons the book explores shared sources of oppression between human and nonhuman animals who are subject to the expressions and consequences of reproductive violence It asks what drives and facilitates the war against nonhuman animals And what are the global consequences of this war Throughout it demonstrates how racism sexism and speciesism informs both intrahuman violence and the violence s of the animal industrial complex Ultimately the book asks us to reconsider what it means to be human *REAL Volume 7* (1991) Grabes,1991
