Music in Esports

Eulalia Febrer-Coll, 2025-07-21 This book invites the reader to expand their idea of esports as an independent niche and consider it an integral part of a growing multi- and transmedia ecosystem that includes the global entertainment industry where music plays an essential role. The music present in and around esports games is an integral part of how they are communicated and mediated and, as such, holds a central role in binding their narratives cohesively and coherently to appeal to their audiences. Popular music theory is placed at the foundation of the issues raised in the chapters as it is taken as a cornerstone for linking the esports international scene with the music industry. This text uses specific case studies from popular esports to support and illustrate each chapter, including League of Legends, Counter Strike, and Fortnite. This book will be of great interest to researchers and students in the fields of esports, game design and development, musicology, and media studies.

Easy R

Elizabeth Gohmert, Quan Li, Douglas Wise, 2020-01-02 Do you want to learn R? This book is built on the premise that anyone with a bit of free time and a healthy curiosity can learn to use R in their studies or at work. The authors focus on using R to do useful things like writing reports, creating data and graphs, accessing datasets collected by others, preparing data, and conducting simple data analysis. In this book, you will learn how to install R and RStudio and set up an RStudio project and folders, write an essay with graphs based on simple real-world data using R Markdown, create variables from everyday numeric information, and visualize data through five types of charts: bar plot, histogram, pie chart, scatter plot, and time series.

line plot to identify patterns in the data write and run R programs and prepare your data following the tidyverse approach import external datasets into R install R data packages and carry out initial data validity checks conduct exploratory data analysis through three exercises involving data on voting outcomes natural resource consumption and gross domestic product GDP via data visualization correlation coefficient and simple regression and write a research paper on the impact of GDP per capita on life expectancy using R Markdown Student friendly language and examples such as binge watched shows on Netflix and the top 5 songs on Spotify cumulative learning and practice exercises make this a must have guide for a variety of courses where data are used and reports need to be written Code and datasets used to carry out the examples in the book are available on an accompanying website [The 5 Steps to Get Your Songs Heard](#) Stephen Robert
