ECEL2012-The Proceedings of the 11th European Conference on E-Learning Hans Beldhuis,2012 **Unlocking the Gates** Taylor Walsh,2010-12-28 How elite universities are entering the world of online education Over the past decade a small revolution has taken place at some of the world s leading universities as they have started to provide free access to undergraduate course materials including syllabi assignments and lectures to anyone with an Internet connection Yale offers high quality audio and video recordings of a careful selection of popular lectures MIT supplies digital materials for nearly all of its courses Carnegie Mellon boasts a purpose built interactive learning environment and some of the most selective universities in India have created a vast body of online content in order to reach more of the country s exploding student population Although they don t offer online credit or degrees efforts like these are beginning to open up elite institutions and may foreshadow significant changes in the way all universities approach teaching and learning Unlocking the Gates is one of the first books to examine this important development Drawing on a wide range of sources including extensive interviews with university leaders Taylor Walsh traces the evolution of these online courseware projects and considers the impact they may have both inside elite universities and beyond As economic constraints and concerns over access demand more efficient and creative teaching models these early initiatives may lead to more substantial innovations in how education is delivered and consumed even at the best institutions Unlocking the Gates tells an important story about this form of online learning and what it might mean for the future of higher education **In Search of Individually Optimal Movement Solutions in Sport: Learning between Stability and Flexibility** Ana Filipa Silva,John Komar,Ludovic Seifert,2021-09-28 *Smart Learning Solutions for Sustainable Societies* Cândida Silva,Susana Silva,Dulce Mota,Paula Peres,2024-05-10 This book showcases research and project results on technology smart learning and sustainability education and analyzes smart learning solutions for lifelong learning It discusses their impact and potential for transfer and scaling and reviews how real solutions perform in the real world Sustainable societies are built on twenty first century skills Attaining the United Nations Sustainable Development Goals requires a focus on a new set of knowledge skills and attitudes as well as novel and smart strategies that leverage state of the art technologies and make these skillsets widely available in our societies to all groups of people at any time in their lives in professional as well as academic settings This book serves as a helpful resource for researchers academics practitioners and consultants from around the world who are involved in the study management and development of educational technology smart learning sustainability education and related issues [Global Clinical Legal Education](#) Jeff Giddings,2025-01-28 This book explores the distinctive nature of clinical legal education in a range of global contexts The emergence of law school based clinical legal education has been recognised as a major innovation in modern legal education At its best it integrates the academic rigour of university based learning with the practical ethical and social justice insights that come from structured work with clients This book examines what makes clinic different from other

aspects of legal education and how it differs from experiential learning in other disciplines particularly in its emphasis on social justice It provides an analysis of various models that support student learning in community settings from 66 contributors across the globe Learning goals teaching methods focus areas forms of student involvement engagement with lawyers and the challenges faced are all identified as important in giving clinical legal education its local flavour Exploring the role of technology in clinic and the significant growth in technology based clinics the book reviews the ways in which clinics harness technology to serve diverse client communities and extend the global reach of clinical legal education particularly in light of the ongoing COVID 19 pandemic This book will be of particular interest to researchers in the fields of clinical legal education and the use of emerging technologies in legal education *United States Armed Forces Institute Catalog* United States Armed Forces Institute,1963 Experimental Legal Education in a Globalized World Mutaz Qafisheh,Stephen A. Ronenbaum,2016-06-22 Legal education is currently undergoing a paradigm shift Traditional law instruction lecturing and memorizing have become a fading fashion with legal clinics increasingly cropping up These allow law students to practice while studying and to contribute to social justice as part of the educational process Students no longer accept one way interaction from their professors and demand interaction with their peers in various corners of the globe The Middle East is no exception here Legal clinics can be found in most countries of the region though there is scant literature on legal education in the area particularly with regards to clinical legal education This book fills this gap and offers comparative cases that will benefit legal educators and justice practitioners in the Middle East and beyond The region needs reform in all dimensions including the political economic social religious legal and educational Legal education lies at the heart of securing such long awaited reforms The book examines legal education within selected locations in the region underscoring successful pedagogical models from various parts of the world This peer reviewed book focuses on practical legal education where learning is student centered particularly clinical legal education field work street law pro bono service legal advice simulations placements internships moot courts and mock trials problem based learning case analysis group work role play and brainstorming The book brings together 28 chapters written by leading legal scholars from across the globe all concerned with the advancement of legal education with making it more interactive and contributing to bridging the gap between powerful and powerless communities Student Modelling: The Key to Individualized Knowledge-Based Instruction Jim E. Greer,Gordon I. McCalla,2013-06-29 This book is the result of a NATO sponsored workshop entitled Student Modelling The Key to Individualized Knowledge Based Instruction which was held May 4 8 1991 at Ste Adele Quebec Canada The workshop was co directed by Gordon McCalla and Jim Greer of the ARIES Laboratory at the University of Saskatchewan The workshop focused on the problem of student modelling in intelligent tutoring systems An intelligent tutoring system ITS is a computer program that is aimed at providing knowledgeable individualized instruction in a one on one interaction with a learner In order to individualize this interaction the ITS must keep track of many aspects of the learner

how much and what he or she has learned to date what learning styles seem to be successful for the student and what seem to be less successful what deeper mental models the student may have motivational and affective dimensions impacting the learner and so on Student modelling is the problem of keeping track of all of these aspects of a learner's learning
