Practice Test 2

This practice test is a simulation of the three Math sections you will complete on the GAT. To receive the most benefit from this practice test, complete it as if it were the real GAT. Do take this practice test under test-like conditions: isolate yourself somewhere you will not be disturbed, use a stopwatch, follow the directions, and give yourself only the amount of time allotted for each section.

W

hen you are finished, review the answers and explanations that immediately follow the test. Make note of the kinds of errors you made and review the appropriate skills and concepts before taking another practice test.
