Setting Performance Standards Gregory J. Cizek, 2012-03-22 Setting standards of performance is a ubiquitous task in education, licensure, certification, and credentialing. It is found in elementary schooling, the professions, commercial applications, and governmental and private organizations. It is one of the most complex, controversial, and vexing issues facing specialists and policy makers today. Practical Part II, the heart of the book, reviews 16 of the newest standard setting methods far more than any other book.
